**Just a few notes**

1. When setting up for the event please **do not go over your allotment of space that includes tents, tongue of truck, camper, trailers, or any other items that you set out.** This does cause trouble overall.
2. If you have an emptied space beside you please don't park your vehicle in it cause if you're not there to moved it and that vendor shows up it will be towed at your expense, you can come to the Flea Market office and check to see if that space is available and if it is you can rent it for that weekend, that also goes for any item that you set out.
3. For the ones that rent tents off the tent rental people. It is up to you to call them and get things straighten out with them as we are not responsible for their work.
4. Please be respectful of your neighbors and clean up around your area and after yourself, **DO NOT LEAVE**
