

PerFect AmendmentTM

The PerFect Soil Additive

PerFect Amendment is a high concentration of patented beneficial Streptomyces on an iron and humic acid carrier that when added to the soil produces healthier plants that more effectively resist stress and may reduce or eliminate the need for chemical fungicides. PerFect Amendment allows for faster and stronger rooting, more robust root zones, larger, healthier plants, long term greening and vigor. Take a little stress out of growing. Add PerFect Amendment to your soil mix today!

Benefits of using PerFect Amendment

- Contains slow release complexed iron & humic acid
- Enhances root development
- Promotes plant vigor & strength
- Long term greening. Great for Calibrachoa & Petunias!
- May help to reduce or eliminate chemical use
- Reduces loss; increases production

Use PerFect Amendment on all of your plants

- Annuals
- Perennials
- Turf & Golf Courses
- Trees & Shrubs
- Landscape plants
- Vegetables & herbs

Product Details
