ABOUT US

Renewable Restart Energy India Exhibition is India’s leading platform dedicated to highlighting cutting-edge innovations and sustainable solutions in the renewable energy sector. Organized by Jayram Enterprises, a trusted name with decades of expertise in delivering world-class exhibitions, the event has been a key driver of India’s clean energy journey for the past five years.

With a strong legacy of excellence, Jayram Enterprises has successfully connected industry leaders, policymakers, investors, and technology pioneers, creating a powerful ecosystem for collaboration and growth. Each edition of Renewable Restart Energy India brings together a dynamic mix of exhibitors from solar, wind, EV, energy storage, and smart grid sectors, complemented by high-impact conferences featuring visionaries who are shaping the future of energy.

Co-located with EV World Expo Goa, this free-to-attend exhibition and conference will take place on 28th & 29th January 2026 at the Goa Panjim Exhibition Centre.

FACE-TO-FACE CONTACT WITH OVER 6000+ MOTIVATED BUYERS

RREI Exhibition is where your best business growth opportunities are. As Goa’s largest clean energy event, RREI Exhibition is a unique opportunity to:

- Network and do business with your target market
- Generate new sales leads
- Promote your company, products or services
- Launch new innovative solutions

*Based on 5,626 visitors at Renewable Restart Energy India 2024 to 2025. Restart Solar Magazine (RSM) Media Association of GOA.

REIE - TEAM

RENEWABLE RESTART ENERGY INDIA 2025 AT A GLANCE

CONFERENCE SPONSORSHIP

The Renewable Restart Energy India Conference is the premier meeting point for the renewable energy community — a place to connect, exchange ideas, and drive innovation over two dynamic days.

The program features sessions on the latest advancements in clean energy technologies, policy and government initiatives, and project developments spanning solar, wind, energy storage, and beyond.

For partners, sponsoring sessions or workshops offers a powerful opportunity to engage directly with an audience eager to learn, collaborate, and shape the future of the industry.

Over **310** of visitors attend Renewable Restart Energy India to gather industry knowledge and learnings through talks or presentations

86% of attendees were satisfied with the conference sessions

PLENARY SESSION

This sponsorship includes naming rights and branding of the opening plenary session on Day 1 or Day 2 of the event. 17 - 19 January 2024 GOA

The "Power of Solar - Energizing the Future of India" conference is being organized in parallel with the Restart Energy India Trade Fair. It serves as a dynamic platform where industry leaders, policymakers, researchers, and enthusiasts converge to explore the transformative potential of solar and wind energy in India's journey toward a sustainable, net-zero future.

In a world grappling with the pressing need to combat climate change and reduce greenhouse gas emissions, India stands at the forefront of this global challenge. Demonstrating its commitment to ambitious renewable energy targets and sustainable development, India recognizes the pivotal role of solar and wind energy in achieving its net-zero goals. This conference encompasses a comprehensive range of topics that underscore the multifaceted contributions of solar and wind energy to India's sustainable future, including presentations on:

10:30 - 11:30 hrs	Inauguration <u>Special Address</u> by Shri Polumatla P Abhishek, IAS Director – Department Of Information Technology, Electronics and Communications, Government of Goa Managing Director – Goa Industrial Development Corporation (GIDC), Government of Goa <u>Special Address</u> by Shri Puneet Kumar Goel, IAS (1991) Chief Secretary <u>Keynote Address</u> by Shri Sanjeev Joglekar Member Secretary Goa Energy Development Agency (GEDA) Address by Shri. Atanasio Monserrate - Honourable Minister Inaugural Address by Dr. Pramod Sawant, Chief Minister, Honourable Chief Minister of Goa Vote of Thanks by Mr. Jayprasanna Simon, CEO, REI Exhibition Goa
Refreshment Break 11:45 - 12:30 hrs	
Refreshment Break 11:45 - 12:30 hrs	

Mr. Tulsi Tanti - Memorial Session on “Powering the Future of India through Wind”
Powering the future of India through wind is not only a necessity but also an opportunity to lead the global energy transition. As the wind energy sector continues to evolve and mature, India stands poised to be at the forefront of this renewable revolution, transforming its energy system and contributing to a greener, cleaner, and more prosperous future. This session focuses on presentations from industry experts on charting a comprehensive and multi-faceted approach, encompassing various aspects of policy, technology, infrastructure, and stakeholder engagement.

Exploring "Expediting Decarbonization via Solar Energy" Panel Discourse
The panel discourse will delve into the pivotal role that solar energy assumes in the expeditious advancement of decarbonization initiatives. In India, solar energy stands as a cornerstone, propelling the nation towards a future steeped in sustainability and diminished carbon footprint. The nation's abundant renewable reserves coupled with a conducive policy landscape have propelled it into the forefront of harnessing solar potential to curtail greenhouse gas emissions and confront the pressing issue of climate change. This particular session will engage in a comprehensive dialogue, delving into the strategic actions imperative for further propelling the drive towards decarbonization through solar energy channels.

- Creation of Market Demand for RE can be achieved only by replacement of conventional fuel like LPG gas for Domestic cooking and Industrial heating.
- Push for Green Hydrogen in Steel, Fertilizer and Chemical sectors.
- To address Financial and Economic issues Policy Framework for all future Industrial Projects on all RE captive generation and usage.
- MSME Sector which is left out for captive use.
- Encouraging business to C&I Segment

Moderator:

- Mr. Dinesh Jagdale, Joint Secretary-Wind, Ministry of New and Renewable Energy

Panelists:

- Mr. Amit Kansal, Chief Executive Officer, Senvion India Pvt Ltd
- Mr. Kapil Maheshwari, Chief Executive Officer, Welspun
- Mr. J.P.Chalasani, Chief Executive Officer, Suzlon Energy Ltd
- Mr. Mohit Bhargava, Chief Executive Officer, NTPC Renewable Energy*

13:30 - 14:30 hrs

Networking Lunch

14:30 - 15:30 hrs

Panel Discussion on “Business & Financial Economics of Wind - Hybrid - Storage”
The business and financial economics of wind energy, particularly in the context of hybrid solutions and energy storage, play a crucial role in driving the adoption and viability of renewable energy projects. As the world transitions towards a sustainable and low-carbon future, understanding the economics behind wind energy and its integration with hybrid systems and storage technologies is essential. Additionally, it is important to recognize that the intermittent power generation of wind-solar vanilla projects may not fully meet the requirements of DISCOM/SLDC. This session will focus on examining the business and financial economics of wind-solar hybrid projects, whether co-located or otherwise, that provide round-the-clock generation capabilities to meet the specific requirements of Discoms.

- All-inclusive growth of wind & solar on PAN India basis and emergence of storage facility from battery and pumped storage.
- Consolidated Tariff for the DISCOMs and meaningful ROI to the generator.

- Creation of Market Demand for RE can be achieved only by replacement of conventional fuel like LPG gas for Domestic cooking and Industrial heating.
- Push for Green Hydrogen in Steel, Fertilizer and Chemical sectors.
- To address Financial and Economic issues Policy Framework for all future Industrial Projects on all RE captive generation and usage.

ABOUT RESTART ENERGY INDIA

Restart Energy India is with rugged technology, driven engineers, and a vision of a clean, sustainable future, we empower homeowners and professionals to join the journey to true open energy.

Restart Energy India Expo India (REIE) provides strategic inputs in all the key aspects of the fast-growing Indian solar, energy storage, and EV ecosystem. Join us as a speaker for the REIE Conference and share your insights and expertise with key stakeholders.

Co-located with EV EXPO GOA, this free-to-attend expo and conference will run from 17-19 January 2024 at the Goa Exhibition Panjim Centre.

FACE-TO-FACE CONTACT WITH OVER 5,000* MOTIVATED BUYERS

Restart Energy India is where your best business growth opportunities are. As Goa's largest clean energy event, Restart Energy India is a unique opportunity to:

- Network and do business with your target market
- Generate new sales leads
- Promote your company, products or services
- Launch new innovative solutions

*Based on 5,626 visitors at Restart Energy India 2024.
RSM Audited Media Association of GOA.

RESTART ENERGY INDIA 2024 AT A GLANCE

5,626 attendees

- ▲ 9% increase from 2022, 167% growth in the last 2 years

85% of exhibitors were extremely satisfied with RESTART ENERGY INDIA 2023

- ▲ 120 is the average number of sales leads received by exhibitors
60% increase from 2019

75% of exhibitors are likely to exhibit in our next event.

CO-LOCATED EVENT

Once again in 2024, Restart Energy India will be partnering with EV World Expo Goa, creating a powerful co-located event. EV Expo Goa stands as the premier congregation of environmentally-conscious leaders and resource experts in Goa. This remarkable event features a top-tier, complimentary business-to-business conference, coupled with an impressive exhibition, making it the ultimate destination for industry professionals.

ABOUT THE VISITORS

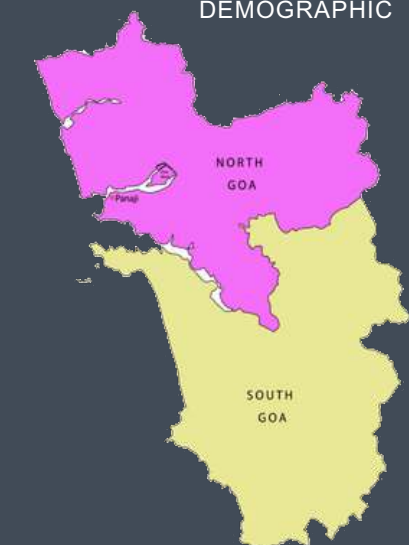

92% visitors were satisfied with Restart Energy India 2023

DIGITAL SHOWBAG

The Digital Showbag will help amplify your participation at All-Energy Australia by providing access directly to our attendees across two days.

Whether it be improving stand traffic, digital reach or lead generation, the All-Energy Australia Digital Showbag can help:

- Collect more high quality leads and engagement opportunities
- Get high quality impressions and reach your leads beyond your stand
- Generate pre-show engagement and drive traffic to your stand ahead of the show
- Engage with new and relevant customers in one click.

	Rate
Digital Showbag	\$866.80

HOW DOES IT WORK?

- Use this platform to share an offer, content or white paper you've created, a private event invitation, or a gift giveaway. Shape the offers as you wish to generate new leads.
- The Digital Showbag will be promoted to event registrants with a direct link to access the bag and view all the exclusive offers from our exhibitors.
- To get their offers, attendees will swipe through the gallery of promos and choose the ones that most interest them by clicking the red or green buttons on the lower part of the platform.
- Generate leads as All-Energy Australia attendees input their name and email addresses to redeem your offer in the Digital Showbag.
- At the end of the event, you'll receive an email to download the full list of attendees who said yes to your offer with their contact information.

[Check out this demo bag](#) to see sample offers and how it works.

ADVERTISING IN THE DIGITAL TRADE GUIDE

The Trade Guide is a digital publication featuring a complete list of exhibitors, products and brands on display at Restart Energy India. This digital directory will be emailed to registered attendees and our 25,000+ database prior to the event date. Advertising within The Digital Trade Guide is a powerful way to promote your business, services and products to attendees looking for the latest clean and renewable energy solutions.

The Digital Trade Guide is accessible for up to 9 months post event via the homepage of the All-Energy website, allowing visitors to stay connected with exhibitors and see their ads, products, contact details & more.
