After collecting the information through survey reports, the necessary programmes have been taken up for development of the target people in the area. During this year the following programmes were implemented successfully with the public cooperation for development of poor peoples.

Shelter for Urban Homeless:

The shelter for Urban Homeless (SUH) was started on Aug 2016, with the collaboration of MEPMA/Kurnool Municipal Corporation. The main intention of starting the shelter for urban homeless is to provide shelter for urban dwelling people who migrate to urban areas in search of employment and livelihood. It is part of National Urban Livelihood mission Programme. Currently we are working in 3 different areas of Kurnool & Ananthapur districts of Andhra Pradesh .At present in all the 3 shelters there are 50 people availing the access to shelter facility. We have been providing Breakfast and dinner besides all residential amenities is being provided to the residents in the shelter. We are also extending support to provide them Legal entitlements. Further the children are being joined in the schools for their better education.

Same activity is implementing by SRED in Ananthapur municipality and Gooty municipality as well supported by MEPMA and Municipalities.

Since 2016 we are running the shelter for urban homeless in 3 divisions (Kurnool , Ananthapur , & Gooty) in AP .

Joint liability groups (JLG) program

SRED formed 200 JLG groups . and for each and every group linkage of 1 lakh rupees has been given. The loan amount is utilized for their livelihood sustainable development. with the support of NABARD, RO office, Hyderabad.

SRED conducted road safety program locally. Participants are school children , lorry drivers and SHG womens in Kurnool dist . the importance of the program is creating awareness on road rules and road safety methods , and traffic rules to the participants . with the support of local contribution .

Preparation of Peoples Biodiversity Register:

We have been entrusted the responsibility of preparation of People Biodiversity Register by AP Biodiversity board, Andhra Pradesh. As such we have prepared two PBRs namely Enugumarri (Peapully (M),Kurnool dist), Kakiralla (Guntur dist).

Initially we have conducted an awareness campaign followed by PRA. (Participatory Rural Appraisal) and with the support of local people we have gathered the information pertaining to the available resources of flora and fauna in the area besides incorporating details of constitution of Biodiversity Management committee.

A detailed booklet was prepared for each PBR and was submitted to the AP Biodiversity Board , Supported by AP Biodiversity Board.

Cultural Program

The organization for sensitizing the community towards the programs designing the cultural programs on need based and perform by engaging the professionals. The kalajatha teams motivated the community with their performances consisting songs, skits and role plays. The sensitization programs will be helped to take the program in a successful manner and in turn support for program sustainability. Under equine sustainable program we are very much focusing on cultural programs to sensitize the community to take the program towards sustainability.

CONSUMER AWARENESS PROGRAMME :

Most of the villages do not aware of Consumer Act and facing lot of problems and difficulties with the shop keepers and whole sale merchants. Thus we have conducted this programme in 2 villages of Kallur Mandal and Kurnool Mandal and educated to 150 women and men about the act and enable those to lodge a case against the defaulters who are selling adulterated commodities with higher rate and less weight. The commercial tax office and weight and measure staff explained about the consumer act.
