Volatus Infrastructure Unveils Exciting Rebrand *Volatus Infrastructure becomes Volatus Infrastructure & Energy Solutions*

Neenah, WI – September 12, 2023—Volatus Infrastructure, LLC, known for its affordable, vehicle agnostic vertiports, is now Volatus Infrastructure & Energy Solutions (VI&E Solutions). The expanded name emphasizes the company’s universal multimodal electric charging stations.

The rebrand launches a new website, <https://vie.solutions>, and emails for the company. To reach the core team please use the following email addresses: dan.sloat@vie.solutions, bob.johnson@vie.solutions, nicolas.zart@vie.solutions, grant.fisk@vie.solutions, sheena.banker@vie.solutions.

“When I first created Volatus, I had no idea how quickly we would grow. I never imagined this small Wisconsin company would become a globally recognized leader in the vertiport sector,” said Grant Fisk, VI&E Solutions Co-Founder. “We are one of the few companies in the world who make eVTOL charging stations and we have several game-changing energy projects in the works.”

In fact, the company is launching a ‘skunkworks’ innovation division to be led by Mr. Fisk. “Today is a bold new chapter in our story. Our focus is on tangible progress in advanced air mobility,” remarked Dan Sloat, CEO of VI&E Solutions. “We are forging ahead in order to answer this evolving industry’s most pressing known challenges as well as those yet to be discovered. Grant is a no non-sense problem solver who is not afraid to grapple with engineering questions of immense complexity.”

Founded in 2021, Volatus Infrastructure & Energy Solutions is connecting communities with best-in-class eVTOL infrastructure technology to ensure society is ready for the future. VI&E Solutions offers three modular vertiport designs and charging stations for electric vehicles across all mediums: air, land, and sea. By tailoring to specific needs while incorporating the latest technologies their work positively impacts clients and the communities they serve globally. Join the future with VI&E Solutions.
