VI&E Solutions Welcomes Rod Fisk to Board of Directors *VI&E Solutions adds President of WiscoLift to Board of Directors*

Neenah, WI – April 9, 2024—Volatus Infrastructure & Energy Solutions is honored to welcome Rod Fisk as a new member of the Board of Directors. With a distinguished career marked by leadership and hands-on involvement in the manufacturing and distribution sector, Rod brings invaluable expertise to the Board. As President and principal shareholder of WiscoLift, Inc., a renowned manufacturer of specialty material handling equipment, Rod’s extensive experience in business planning and execution will greatly benefit VI&E Solutions as they continue to innovate and develop groundbreaking solutions in the Advanced Air Mobility (AAM) and electric charging industries.

“For some, the opportunity to work alongside their father remains a mere dream. I consider myself fortunate to live that reality. Rod’s wealth of knowledge, expertise and humor bring undeniable value to Volatus and our partners,” said Grant Fisk, VI&E Solutions CEO.

Rod Fisk serves as the President and principal shareholder of WiscoLift, Inc., a leading manufacturer and distributor of specialized material handling equipment with a rich 50-year history. A local company with a global footprint, WiscoLift has supplied an array of products to manufacturing facilities across the globe, spanning every continent except Antarctica.

Rod firmly believes in the significance of meticulous business and product planning, yet he recognizes that execution is ultimately the determining factor for success. Known for his hands-on approach to business, Rod remains actively engaged with customers, often found operating forklifts or designing specialized lifting equipment.

Aligned with the adage “early to bed, early to rise,” Rod’s day commences at 3am with a rigorous 90-minute workout, followed by ample time for reading before heading to the office, typically by 6:30am. An avid reader, Rod delves into 50 to 100 books annually. Outside of work, Rod finds joy in biking and sailing alongside family and friends, with sailing holding a special place as a lifelong passion.

Founded in 2021, Volatus Infrastructure & Energy Solutions is connecting communities with best-in-class eVTOL infrastructure technology to ensure society is ready for the future. VI&E Solutions offers three modular vertiport designs and charging stations for electric vehicles across all mediums: air, land and sea. By tailoring to specific customer needs and incorporating the latest technologies, their work positively impacts clients and the communities they serve globally. Join the future with VI&E Solutions.
