**Volatus Infrastructure Creates Partnership with Marsh McLennan**  
*Volatus Infrastructure adds insurance industry leader to its infrastructure package solution*

**Neenah, WI – May 9, 2023**—Volatus Infrastructure, LLC has created a strategic partnership with Marsh McLennan to provide the Advanced Air Mobility (AAM) industry with the most complete turnkey electric vertical take-off and landing (eVTOL) infrastructure package possible. Marsh McLennan will be the preferred partner for insurance solutions to Volatus customers.

“With Marsh McLennan’s dedicated aviation division, they have the best knowledge and experience that they are able to apply to the AAM industry,” said Grant Fisk, Volatus Infrastructure Co-Founder. “It’s important that we are setting up our customers with all the tools they will need to have successful eVTOL operations.”

“We are thrilled to put our expertise to work for industry leaders like Volatus as they pursue their goals within the evolving Advanced Air Mobility ecosystem,” said Charlie DeLoye, Marsh McLennan Account Executive. “Marsh McLennan’s deep expertise in the aviation marketplace uniquely positions us to help clients navigate this exciting new era of aviation, addressing emerging risks and opportunities with innovative solutions.”

At Marsh McLennan, we leverage our deep expertise in the global insurance marketplace and specifically in the aviation marketplace alongside our carrier relationships to help industry leaders like Volatus succeed in the evolving Advanced Air Mobility (AAM) ecosystem. Our focus is on three critical areas that we believe are essential for success in the AAM space: infrastructure, vehicles, and the end users. Our team has a comprehensive understanding of the complex infrastructure required for AAM operations and extensive experience working with a variety of AAM vehicle types, including UAS, eVTOL, and air taxis. We prioritize safety and are committed to addressing emerging risks and challenges with innovative solutions. We partner with our clients to navigate this new era of aviation, seizing growth opportunities without compromising on safety.

Founded in 2021, Volatus Infrastructure, LLC is connecting communities to the future with best-in-class eVTOL infrastructure technology to ensure society is ready for the future. Volatus offers three main eVTOL infrastructure designs, a vehicle agnostic charging station, plus an app and maintenance programs. By tailoring to specific needs while incorporating the latest technologies their work positively impacts clients and the communities they serve. Join the future with Volatus Infrastructure.
