Volatus Infrastructure Signs MOU with WEFLO
Volatus Infrastructure to use WEFLO's technology at MRO facilities

Neenah, WI – June 30, 2023—Volatus Infrastructure, LLC has signed a memorandum of understanding (MOU) with the Korean technology company, WEFLO. WEFLO provides vehicle sensor expertise that Volatus will use at their maintenance and repair organization (MRO) facilities to assist with service and maintenance programs for electric vertical take-off and landing (eVTOL) aircraft.

“We are thrilled to work with the WEFLO team and to utilize their essential technology to ensure safety at the highest level,” said Grant Fisk, Volatus Infrastructure Co-Founder. “Together we are able to ensure safe flight operations while also streamlining the operations and maintenance requirements for eVTOL vehicles.”

“Securing safety has always been the unquestionable standard for future mobility and mankind,” said Yeejung Kim, WEFLO’s Founder. “We are excited to announce the cooperation between WEFLO and Volatus Infrastructure to see the future of transportation methods – UAMs and vertiports – become reality.”

WEFLO offers an automated maintenance solution for future mobility, starting from drones, UAMs to AAMs. With unmanned, automated maintenance, WEFLO offers quick and easy methods of MRO in the future vertiport scenario. WEFLO is also able to diagnose various types of electric aircrafts, helping operators all over the world keep track of their aircraft’s current status and predictions of failure -- ultimately allowing clients to secure safety within seconds before and after flight.

Founded in 2021, Volatus Infrastructure, LLC is connecting communities to the future with best-in-class eVTOL infrastructure technology to ensure society is ready for the future. Volatus offers three main eVTOL infrastructure designs, a vehicle agnostic charging station, plus an app and maintenance programs. By tailoring to specific needs while incorporating the latest technologies their work positively impacts clients and the communities they serve. Join the future with Volatus Infrastructure.
