What We Do

At Diverse Ability Support, we deliver senior, disability, and specialized in-home care services, whether short-term or around-the-clock assisted living. We also provide safe transportation with full wheelchair accessibility. Our in-home care includes both skilled nursing services and personalized daily living support.

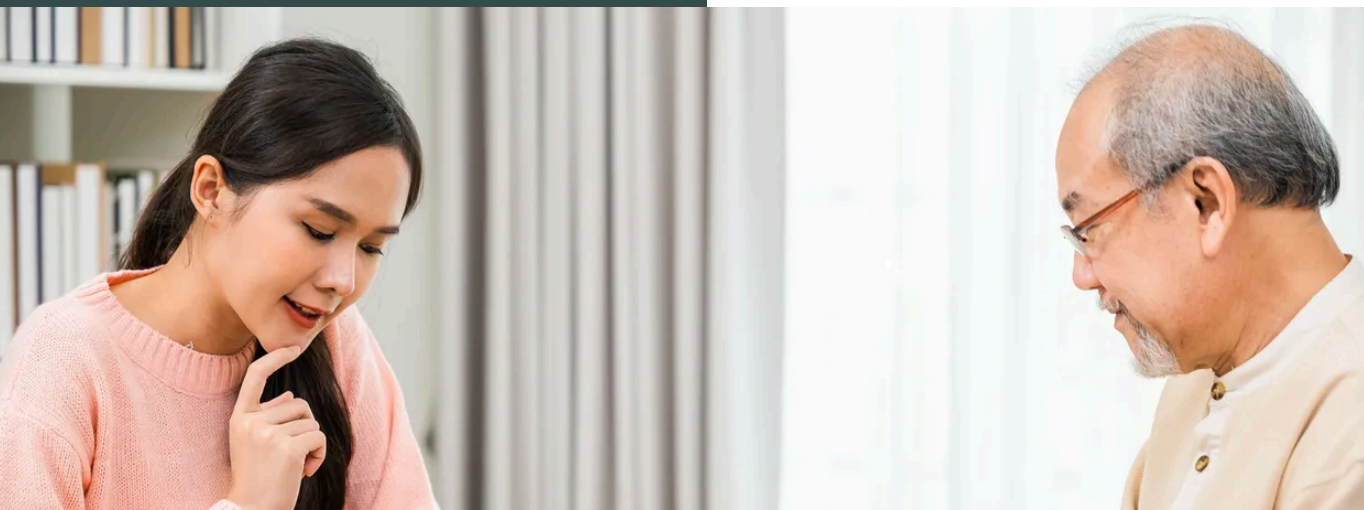

- Alzheimer's & Dementia Care
- Pediatric & Autism Waiver Services
- Post-Hospital & Transitional Care
- Personal Care
- Meal Preparation
- Transfer Assistance
- 24/7 Care
- Respite Care
- Medication Reminders
- Shower services

Is Care Needed?

The first step is identifying whether your loved one requires medical or non-medical care.

In-home nurses typically provide care on a short-term basis, though patients with chronic or progressive conditions may require medical support indefinitely. The length of visits is usually limited to the time needed for the prescribed care. For example, a nurse may spend one hour administering a monthly infusion or just 15 minutes to change a dressing and give medication.
