Wendy De Munari is a professional presenter, speaker and communications specialist with over three decades experience in the education and training industry in Australia and France. Wendy infuses a touch of elegant French flair and adventurous spirit into everything she does!

Personal and career re-invention have been the hallmarks of Wendy's life journey. After graduating with a degree in Journalism and Communications, she spent 20 years as a HR consultant with the Queensland government before heading to the south of France where she reinvented herself as a successful businesswoman and communications trainer, raised her Aussie-born daughter through the French education system, and launched a singing career.

11 years later, she returned to Australia and has worked in education support and vocational education and training.

Since her return she completed a Certificate IV in Training and Assessment, authored a book, and started a communications skills training business. She continues to wow audiences as a cabaret entertainer, and club singer. Recently, she launched a new chapter of her life as a motivational speaker, coach, author, and presentation skills trainer.

A thirst for adventure, a love of life-long learning, and a spirit of positivity and generosity have helped Wendy navigate challenging personal and career upheavals and reinventions, and contributed to her resilient, positive attitude.
