PURCHASING CONSULTANTS PROVIDING
VIRTUAL OR ON-SITE ASSISTANCE WITH
PRODUCT/SOURCING AND IDENTIFICATION
TO MAXIMIZE BUYING POWER

In the age of streamlining and operating Lean a Purchasing consultant will allow you to share the workload at a fraction of the cost to hire a knowledgeable and experienced assistant.

The challenge that faces all maintenance departments is to be able to not only identify one of the hundreds of thousands of parts used in the manufacturing process but to decipher who can supply these parts at the best price while maintaining the highest quality of parts supplied.
