

# RELIABLE MARITIME SOLUTIONS (RMS)

Maritime Consulting, Surveying  
Compliance Management

Solutions You Can Rely on,  
Experience You Can Trust

## Who We Are

**Reliable Maritime Solutions - RMS:** A uniquely experienced group of Maritime Professionals with prior U.S. Coast Guard, Classification Society, and operational backgrounds. Founded in 2015, RMS has quickly established themselves as knowledgeable and trusted technical consultants and surveyors. We have provided critical support to our clients ranging from the largest cruise lines to small independent ship operators. We have a dedicated team of professionals standing by to provide solutions you can rely on and experience you can trust.

**Diversity:** RMS principles have a diverse and extensive maritime background, including successful startup operations, emergency and scheduled dry docks, major repairs, and revitalizations. We have experience in surveying, consulting, instructing, public speaking, expert witness, and business management. We have worked globally with all the major classification societies, vendors, and ship operators on new builds and ship repairs.

**Leadership:** Our leadership skills were forged in the fires of practical experience, formal training, and in-depth knowledge, then hardened with an intense sense of loyalty and integrity. Seven years of managing commercial operations at the highest levels combined with decades of supervising personnel have shaped RMS' professionals into some of the strongest leaders in the industry.

We are your one source for consulting, surveying, training, and project management. We will match the right specialist to your project, no matter where in the world your vessel is located.

Environmental Compliance Surveys/Audits as TPA for CAM	Military Sealift Command Condition Surveys
Risk Assessments for Scrubber Installations	Expert Witness Cases
Risk Assessments for Incinerator Fires	Port Security Annual Audit for Port of Palm Beach.

## RMS TESTIMONIALS

Vicki Porter - Owner passenger vessel "Americana" I cannot say enough good things about this company! I have limited experience in the shipping industry but they lead my company and ship through getting a COI and new 5 year load line on a vessel recently! They are honest, have integrity and professionalism to the max unlike many others I've encountered in this industry! They are on the side of the owner, never waiver or deceitful. If you want things done right I highly recommend Reliable Maritime Solutions!

Glenn Kolk: I am a maritime lawyer with decades of passenger vessel transaction experience. I could not agree more with Ms. Porter. Charlie and his team are the best there is. Like Charlie, I have a Coast Guard start to my career, but that's not a bias regarding my opinion, it's a qualification standard.
