### The Precinct

Effective October 20, 2014, the Maryvale Precinct and Estrella Mountain Precinct combined to form the Maryvale Estrella Mountain Precinct. Our precinct is approximately 75.82 square miles and services an approximate population of 304,546 in the southwest portion of the City of Phoenix. Our command staff, patrol officers and support resources will be operating out of both the Maryvale Precinct building and the Estrella Mountain Precinct building in order to provide the best possible service to the community in the most effective way. Our precinct is large and diverse but also extremely active and engaged. We will continue to work with the community in order to provide a environment where our citizens feel safe and empowered in their neighborhoods.
