Beginning and Ending of School Day

- 1) School begins at 8:00 and ends at 3:20 Monday-Friday.
- 2) Teachers will load students on buses after classes are dismissed. Walkers will be dismissed after buses are gone.
- 3) The care and safety of the children is everyone's responsibility. When a student is to be picked up by the parent or after school plans are different than normal, please send a note to the teacher. Any student who is picked up before 3:00 needs to be signed out in the office. Our state funding is based on minutes of attendance per pupil, so this is a record keeping necessity. Students to be picked up at dismissal will wait in the front hall until the buses leave, then will be individually dismissed to parent cars as they pull up to the front sidewalk. Small children will be escorted to cars by school staff.
- 4) Please do not park in front of the school between 7:30-8:00 and 3:00-3:40, as this is the bus loading area.
- 5) Students that are not picked up from school by dismissal time will automatically be placed in Kids Care and fees will be assessed as appropriate.

Before School and Breakfast Information

- 1) No student (high school or elementary) should be on school grounds before 7:30 a.m. or after 3:15 p.m. unless under teacher supervision. Students should not be on school grounds unless school is in session.
- 2) Between 7:30 and 8:00, students will go to the gym to eat breakfast or to the designated morning area. Students arriving after 8:00 may not have the opportunity to eat breakfast. All students will go to their classrooms at 8:00. No students should be in classrooms before 8:10 without teacher permission and supervision. No one will be allowed on the playground (without teacher supervision) or to play on the front sidewalk.

Conferences

Conferences will be held at the conclusion of 1st Quarter and by teacher/parent request at the conclusion of 3rd Quarter. For 1st Quarter Conferences, parents will have an opportunity to choose their conference date and time. Remaining conferences will be scheduled making every effort to take parent's work schedules into consideration when arranging conferences. If you have special requests that need to be considered, please let us know as soon as possible. Third Quarter Conferences will be arranged through the office based upon parent/teacher request and availability. IEP meetings will be scheduled on an individual basis throughout the year.

Deliveries

The school will not deliver flowers or gifts during class hours. These items should be picked up in the office after school. **Balloons and glass containers are prohibited on the bus.**

Every Student Succeeds Act (ESSA)

Our district is required to inform you of information that you, according to the Every Student Succeeds Act of 2015 (Public Law 114-95), have the right to know.

Upon your request, our district is required to provide to you in a timely manner, the following information:

- Whether your student's teacher has met State qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction.
- Whether your student's teacher is teaching under emergency or other provisional status through which State qualification or licensing criteria have been waived.
- Whether your student's teacher is teaching in the field of discipline of the certification of the teacher.
- Whether your child is provided services by paraprofessionals and, if so, their qualifications.

In addition to the information that parents may request, a building receiving Title I.A funds must provide to each individual parent:

- Information on the level of achievement and academic growth of your student, if applicable and available, on each of the State academic assessments required under Title I.A.
- Timely notice that your student has been assigned, or has been taught for 4 or more consecutive weeks by, a teacher who has not met applicable State certification or licensure requirements at the grade level and subject area in which the teacher has been assigned.

Keeping the Building Clean

Every student needs to make his or her best effort to keep our school building clean and in good shape. Each class may be assigned a 'chore' to help keep the school looking its best. The assigned chore will be age appropriate and may change periodically throughout the year. This responsibility is meant to instill a sense of responsibility in keeping the school clean as well as promote pride in their school building. No gum is allowed at school by the students, with the exception of rewards and parties.

Head lice

Head lice checks will be performed periodically. If your child is found to have head lice, a parent will be notified, the child will be sent home, and he/she will not be allowed to return until their hair is free of live lice as determined by the nurse or designated official. The child's hair will need to be shampooed, nits removed, and are asked to provide proof of treatment. Another treatment is recommended 7-10 days after the first treatment. The student will be rechecked after they return to school. Please report any suspected cases to the school. Feel free to contact the school nurse if you have any questions.

How Sick is Sick?

Here are some general guidelines to help you make that decision; these do not cover every medical condition and do not take the place of seeking medical attention. Please consult your physician for specific medical advice. At the discretion of the school nurse, or health designee, a doctor's note may be required before readmission to school.

It is unlawful for any child to attend public school while experiencing any contagious/ infectious disease.

Please do not send your child to school with the following symptoms:

1. Rash or open sore(s). See your Doctor for re-admission note. Exclusion for Impetigo is 24 hours after medication is administered. A student with Ringworm is excluded only until medicated.

3. Students must be free from vomiting for 24 hours before returning to school. A child who is having frequent diarrhea stools should not attend school.
4. Severe, persistent pain. See your Doctor.
5. A sore throat, cold, or cough that interferes with his/ her learning experience. See your Doctor if these symptoms persist. Exclusion for strep throat is 24 hours after medication is first administered. Ask Doctor for re-admission note.
6. Pinkeye with discharge, itching, or crust from one or both eyes. See your Doctor for medication/ re-admission to school.
7. Signs of infestation with lice, nits in the hair, or itchy scalp. The child is to be evaluated for treatment when they return to school.

Parents, please notify the principal's office for the student's illnesses by 9:00 a.m. If your child becomes ill at school, a decision will be made by the nurse/ health designee regarding dismissal from school; parents will be notified and the child must be picked up. In cases in which the parent cannot be reached, the emergency number listed by the parent will be called. The child will be released to that person.

Alternative Method of Instruction (AMI)

The state of Missouri has instructed all districts to submit a plan for an alternative method of instruction (AMI) for students should it be forced to close. With an approved plan, the district may be exempt from making up missed instruction time. This year the state is also allowing districts to utilize this alternative method of instruction when schools are dismissed for inclement weather. North Nodaway will not utilize an AMI method for early out dismissals due to weather. Complete Remote Learning will be used after the 4th snow day of the school year. A school district textcaster will be sent out stating that the school district will be closed due to weather but students will be utilizing remote learning. Elementary teachers may post assignments to SeeSaw or Google classroom, schedule live meetings with students, or choose to send home packets of work that compliment or assist in completing online assignments.

You are welcome to take pictures and videos of special events in your child's classroom, however, we ask that you respect the privacy of our students and staff. If you choose to make these pictures and/or videos public via social networking sites, e-mail, websites, etc., we ask that you only use pictures of your own child where other students are not identifiable. We appreciate your help in maintaining the confidentiality of our student population.

The District believes that field and activity trips often enhance the program of instruction and add much to the education of a student. All parents and guardians will be invited to participate in class field trips as appropriate. Only chaperones that have completed proper background checks and assist staff with student supervision may be permitted to ride the bus to the event.

Student Attendance

Board Policy JED and Procedures JED-AP1 and AP2

Daily attendance is very important in order for your child to receive the full benefit of their educational program. We expect elementary students to have all the "kid illnesses" and want them to stay home if they are ill. However, ADA (average daily attendance) below 94% affects the funding of our district. In addition, our county juvenile authorities ask for attendance reports of those families/students that are having a high frequency of absences, 90% or below. We hope that our monthly staff development days will be a good time for you to schedule appointments. **Please call the school at 927-3322 before 9:00 if it is necessary for your child to be absent from school.**

Student Discipline

Board Policy JG

It is essential that the district maintain a classroom environment that allows teachers to communicate effectively with all students in the class and allows all students in the class to learn. To assist district staff in maintaining the necessary classroom environment, the Board of Education has created a discipline code that addresses the consequences, including suspension or expulsion, for students whose conduct is prejudicial to good order and discipline in the schools or impairs the morale or good conduct of other students.

Application:

These policies, regulations and procedures will apply to all students in attendance in district instructional and support programs as well as at school-sponsored activities. Off-campus misconduct that adversely affects the educational climate will also be subject to these policies, regulations and procedures. Students who have been charged, convicted or pled guilty in a court of general jurisdiction for commission of a felony may be suspended in accordance with law.

The Board authorizes the immediate removal of a student upon a finding by a principal or superintendent that the student poses a threat of harm to self or others, as evidenced by the prior conduct of such student. Any such removal will be subject to the appropriate due process procedures and in accordance with law.

No student may be confined in an unattended locked space except in an emergency situation while awaiting the arrival of law enforcement personnel. For the purpose of this policy, a student is unattended if no person has visual contact with the student, and a locked space is a space that the student cannot reasonably exit without assistance.

Enforcement:

Building principals are responsible for the development of additional regulations and procedures regarding student conduct needed to maintain proper behavior in schools under their supervision. All such regulations and procedures shall be consistent with Board-adopted discipline policies.

Teachers have the authority and responsibility to make and enforce necessary rules for internal governance in the classroom, subject to review by the building principal. The Board expects each teacher to maintain a satisfactory standard of conduct in the classroom. All district staff are required to enforce district policies, regulations and procedures in a manner that is fair and developmentally appropriate and that considers the student and the individual circumstances involved.

All employees of the district shall annually receive instruction related to the specific contents of the district's discipline policy and any interpretations necessary to implement the provisions of the policy in the course of their duties including, but not limited to, approved methods of dealing with acts of school violence, disciplining students with disabilities and instruction in the necessity and requirements for confidentiality.

*** ALL North Nodaway R-VI School Board Discipline Policies apply.**

Student Discipline

Board Policy JG-R

The Student Code of Conduct is designed to foster student responsibility, respect for others, and to provide for the orderly operation of district schools. No code can be expected to list each and every offense that may result in disciplinary action; however, it is the purpose of this code to list certain offenses which, if committed by a student, will result in the imposition of a certain disciplinary action. Any conduct not included herein, any aggravated circumstance of any offense, or any action involving a combination of offenses may result in disciplinary consequences that extend beyond this code of conduct as determined by the principal, superintendent and/or Board of Education. In extraordinary circumstances where the minimum consequence is judged by the superintendent or designee to be manifestly unfair or not in the interest of the district, the superintendent or designee may reduce the consequences listed in this policy, as allowed by law. This code includes, but is not necessarily limited to, acts of students on district property, including playgrounds, parking lots and district transportation, or at a district activity, whether

on or off district property. The district may also discipline students for off-campus conduct that negatively impacts the educational environment, to the extent allowed by law.

Reporting to Law Enforcement

It is the policy of the North Nodaway County R-VI School District to report all crimes occurring on district property to law enforcement including, but not limited to, the crimes the district is required to report in accordance with law. A list of crimes the district is required to report is included in policy JGF.

The principal shall also notify the appropriate law enforcement agency and superintendent if a student is discovered to possess a controlled substance or weapon in violation of the district's policy.

In addition, the superintendent shall notify the appropriate division of the juvenile or family court upon suspension for more than ten days or expulsion of any student who the district is aware is under the jurisdiction of the court.

Documentation in Student's Discipline Record

The principal, designee or other administrators or school staff will maintain all discipline records as deemed necessary for the orderly operation of the schools and in accordance with law and policy JGF.

Conditions of Suspension, Expulsion and Other Disciplinary Consequences

All students who are suspended or expelled, regardless of the reason, are prohibited from participating in or attending any district-sponsored activity, or being on or near district property or the location of any district activity for any reason, unless permission is granted by the superintendent or designee. When appropriate, the district may prohibit students from participating in activities or restrict a student's access to district property as a disciplinary consequence even if a student is not suspended or expelled from school. Likewise, a student may become ineligible for or be required to forfeit any honors and awards as a disciplinary consequence.

In accordance with law, any student who is suspended for any offenses listed in § 160.261, RSMo., or any act of violence or drug-related activity defined by policy JGF as a serious violation of school discipline, shall not be allowed to be within 1,000 feet of any district property or any activity of the district, regardless of whether the activity takes place on district property, unless one of the following conditions exist:

1. The student is under the direct supervision of the student's parent, legal guardian, custodian or another adult designated in advance, in writing, to the student's principal by the student's parent, legal guardian or custodian, and the superintendent or designee has authorized the student to be on district property.
2. The student is enrolled in and attending an alternative school that is located within 1,000 feet of a public school in the district.
3. The student resides within 1,000 feet of a public school in the district and is on the property of his or her residence.

If a student violates the prohibitions in this section, he or she may be suspended or expelled in accordance with the offense, "Failure to Meet Conditions of Suspension, Expulsion or Other Disciplinary Consequences," listed below.

Impact on Grades

As with any absence, absences due to an out-of-school suspension may result in the student earning a lower grade in accordance with the district's policy on absences.

Prohibited Conduct

The following are descriptions of prohibited conduct and potential consequences for violations. Building-level administrators are authorized to more narrowly tailor potential consequences as appropriate for the age level of students in the building within the ranges established in this regulation. Board Policy JFCJ

The Board recognizes the importance of preserving a safe educational environment for students, employees and patrons of the district. In order to maintain the safety of the educational community, the district will strictly enforce the necessary disciplinary consequences resulting from the use or possession of weapons on school property. No student may possess a weapon on school property at any time, except as specifically authorized during a school-sponsored or school-sanctioned activity permitting weapons. The school district will provide secured storage of student firearms if necessary.

School property is defined as: Property utilized, supervised, rented, leased, or controlled by the school district including but not limited to school playgrounds, parking lots and school buses, and any property on which any school activity takes place.

A weapon is defined to mean one or more of the following:

1. A firearm as defined in 18 U.S.C. § 921.
2. A blackjack, concealable firearm, firearm, firearm silencer, explosive weapon, gas gun, knife, knuckles, machine gun, projectile weapon, rifle, shotgun, spring gun, switchblade knife, as these terms are defined in § 571.010, RSMo.

The suspension or expulsion may be modified on a case-by-case basis upon recommendation by the superintendent to the Board of Education. Students who bring or possess weapons as defined in #3,

#4 and #5 and not otherwise included in #1 and #2, will also be subject to suspension and/or expulsion from school and may be referred to the appropriate legal authorities.

They are to be returned only to the student's parent/guardian. If this is a continuing problem, the parent(s)/guardian(s) will be contacted by the principal for a conference.

Corporal Punishment

Board Policy JGA

For the purposes of this policy, corporal punishment is the use of physical force as a method of correcting student behavior. No person employed by or volunteering on behalf of the North Nodaway County R-VI School District shall administer corporal punishment or cause corporal punishment to be administered upon a student attending district schools.

A staff member may, however, use reasonable physical force against a student for the protection of the student or other persons or to protect property. Restraint of students in accordance with the district's policy on student seclusion, isolation and restraint is not a violation of this policy.

Educational Equity Policy Statement

Board Policy AC

The North Nodaway County R-VI School District Board of Education is committed to maintaining a workplace and educational environment that is free from discrimination and harassment in admission or access to, or treatment or employment in, its programs, services, activities and facilities. In accordance with law, the district strictly prohibits discrimination and harassment against employees, students or others on the basis of race, color, religion, sex, national origin, ancestry, disability, age, genetic information or any other characteristic protected by law. The North Nodaway County R-VI School District is an equal opportunity employer.

The Board also prohibits:

1. Retaliatory actions including, but not limited to, acts of intimidation, threats, coercion or discrimination against those who:

a) Make complaints of prohibited discrimination or harassment.

b) Report prohibited discrimination or harassment.

- c) Participate in an investigation, formal proceeding or informal resolution, whether conducted internally or outside the district, concerning prohibited discrimination or harassment.
2. Aiding, abetting, inciting, compelling or coercing discrimination, harassment or retaliatory actions.
3. Discrimination, harassment or retaliation against any person because of such person's association with a person protected from discrimination or harassment in accordance with this policy.

All employees, students and visitors must immediately report to the district for investigation any incident or behavior that could constitute discrimination, harassment or retaliation in accordance with this policy. If a student alleges sexual misconduct on the part of any district employee to any person employed by the district, that person will immediately report the allegation to the Children's Division (CD) of the Department of Social Services in accordance with state law. In accordance with this policy and as allowed by law, the district will investigate and address discrimination, harassment and retaliation that negatively impact the school environment, including instances that occur off district property or are unrelated to the district's activities.

Additional Prohibited Behavior

Behavior that is not unlawful or does not rise to the level of illegal discrimination, harassment or retaliation might still be unacceptable for the workplace or the educational environment. Demeaning or otherwise harmful actions are prohibited, particularly if directed at personal characteristics including, but not limited to, socioeconomic level, sexual orientation or perceived sexual orientation.

Boy Scouts of America Equal Access Act

As required by law, the district will provide equal access to district facilities and related benefits and services and will not discriminate against any group officially affiliated with the Boy Scouts of America, the Girl Scouts of the United States of America or any other youth group designated in applicable federal law.

School Nutrition Programs

In accordance with federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its agencies, offices and employees, and institutions participating in or administering USDA programs (including the district), are prohibited from discriminating based on race, color, national origin, sex, disability, age or reprisal or retaliation for prior civil rights activity in any program or activity conducted or funded by the USDA. These programs include the National School Lunch Program, the Special Milk Program, the School Breakfast Program and the Summer Food Service Program.

Any person or representative alleging discrimination based on a prohibited basis has the right to file a complaint within 180 days of the alleged discriminatory action with the USDA Office of the Assistant Secretary for Civil Rights or the district's compliance officer using the process outlined in policy EF.

Interim Measures

When a report is made or the district otherwise learns of potential discrimination, harassment or retaliation, the district will take immediate action to protect the alleged victim, including implementing interim measures. For example, the district may alter a class seating arrangement, provide additional supervision for a student or suspend an employee pending an investigation. The district will take immediate

steps to prevent retaliation against the alleged victim, any person associated with the alleged victim, or any witnesses or participants in the investigation. These steps may include, but are not limited to, notifying students, employees and others that they are protected from retaliation, ensuring that they know how to report future complaints, and initiating follow-up contact with the complainant to determine if any additional acts of discrimination, harassment or retaliation have occurred.

Consequences and Remedies

If the district determines that discrimination, harassment or retaliation have occurred, the district will take prompt, effective and appropriate action to address the behavior, prevent its recurrence and remedy its effects.

Employees who violate this policy will be disciplined, up to and including employment termination. Students who violate this policy will be disciplined, which may include suspension or expulsion. Patrons, contractors, visitors or others who violate this policy may be prohibited from district property or otherwise restricted while on district property. The superintendent or designee will contact law enforcement or seek a court order to enforce this policy when necessary or when actions may constitute criminal behavior.

Students, employees and others will not be disciplined for speech in circumstances where it is protected by law.

In accordance with law and district policy, any person suspected of abusing or neglecting a child will be reported immediately to the CD.

Remedies provided by the district will attempt to minimize the burden on the victim. Such remedies may include, but are not limited to: providing additional resources such as counseling, providing access to community services, assisting the victim in filing criminal charges when applicable, moving the perpetrator to a different class or school, providing an escort between classes, or allowing the victim to retake or withdraw from a class. The district may provide additional training to students and employees, make periodic assessments to make sure behavior complies with district policy, or perform a climate check to assess the environment in the district.

Compliance Officer

The Board designates the following individual to act as the district's compliance officer:

Superintendent of Schools
705 East Barnard
Hopkins, MO 64461
Phone: 660-778-3411/Fax: 660-778-3210

In the event the compliance officer is unavailable or is the subject of a report that would otherwise be made to the compliance officer, reports should instead be directed to the acting compliance officer:

Secondary Principal
705 East Barnard
Hopkins, MO 64461
Phone: 660-778-3315/Fax: 660-778-3210

Public Notice

The superintendent or designee will continuously publicize the district's policy prohibiting discrimination, harassment and retaliation and disseminate information on how to report discrimination, harassment and retaliation. Notification of the district's policy will be posted in a public area of each building used for instruction or employment or open to the public. Information will also be distributed annually to employees, parents/guardians and students as well as to newly enrolled students and newly hired employees. District bulletins, catalogs, application forms, recruitment material and the district's website will include a statement that the North Nodaway County R-VI School District does not discriminate in its programs, services, activities, facilities or with regard to employment. The district will provide information in alternative formats when necessary to accommodate persons with disabilities.

Reporting

Students, employees and others may attempt to resolve minor issues by addressing concerns directly to the person alleged to have violated this policy, but they are not expected or required to do so. Any attempts to voluntarily resolve a grievance will not delay the investigation once a report has been made to the district.

Unless the concern is otherwise voluntarily resolved, all persons must report incidents that might constitute discrimination, harassment or retaliation directly to the compliance officer or acting compliance officer. All district employees will instruct all persons seeking to make a grievance to communicate directly with the compliance officer. Even if the suspected victim of discrimination, harassment or retaliation does not file a grievance, district employees are required to report to the compliance officer any observations, rumors or other information regarding actions prohibited by this policy. If a verbal grievance is made, the person will be asked to submit a written complaint to the compliance officer or acting compliance officer. If a person refuses or is unable to submit a written complaint, the compliance officer will summarize the verbal complaint in writing. A grievance is not needed for the district to take action upon finding a violation of law, district policy or district expectations.

Even if a grievance is not directly filed, if the compliance officer otherwise learns about possible discrimination, harassment or retaliation, including violence, the district will conduct a prompt, impartial, adequate, reliable and thorough investigation to determine whether unlawful conduct occurred and will implement the appropriate interim measures if necessary.

Student-on-Student Harassment

Building-level administrators are in a unique position to identify and address discrimination, harassment and retaliation between students, particularly when behaviors are reported through the normal disciplinary process and not through a grievance. Administrators have the ability to immediately discipline a student for prohibited behavior in accordance with the district's discipline policy. Administrators will report all incidents of discrimination, harassment and retaliation to the compliance officer and will direct the parent/guardian and student to the compliance officer for further assistance. The compliance officer may determine that the incident has been appropriately addressed or recommend additional action. When a grievance is filed, the investigation and complaint process detailed below will be used.

Investigation

The district will immediately investigate all grievances. All persons are required to cooperate fully in the investigation. The district compliance officer or other designated investigator may utilize an attorney or other professionals to conduct the investigation.

In determining whether alleged conduct constitutes discrimination, harassment or retaliation, the district will consider the surrounding circumstances, the nature of the behavior, the relationships between the parties involved, past incidents, the context in which the alleged incidents occurred and all other relevant information. Whether a particular action or incident constitutes a violation of this policy requires a determination based on all of the facts and surrounding circumstances. If, after investigation, school officials determine that it is more likely than not (the preponderance of the evidence standard) that discrimination, harassment or other prohibited behavior has occurred, the district will take immediate corrective action.

Grievance Process Overview

1. If a person designated to hear a grievance or appeal is the subject of the grievance, the compliance officer may designate an alternative person to hear the grievance, or the next highest step in the grievance process will be used. For example, if the grievance involves the superintendent, the compliance officer may designate someone outside the district to hear the grievance in lieu of the superintendent, or the grievance may be heard directly by the Board.
2. An extension of the investigation and reporting deadlines may be warranted if extenuating circumstances exist as determined by the district's compliance officer. The person filing the complaint will be notified when deadlines are extended. If more than twice the allotted time has expired without a response, the appeal may be taken to the next level.
3. Failure of the person filing the grievance to appeal within the timelines given will be considered acceptance of the findings and remedial action taken.
4. To the extent permitted by law, the district will investigate all grievances, even if an outside enforcing agency such as the Office for Civil Rights, law enforcement or the CD is also investigating a complaint arising from the same circumstances.
5. The district will only share information regarding an individually identifiable student or employee with the person filing the grievance or other persons if allowed by law and in accordance with Board policy.
6. Upon receiving a grievance, district administrators or supervisors, after consultation with the compliance officer, will implement interim measures as described in this policy if necessary to prevent further potential discrimination, harassment or retaliation during the pending investigation.

Grievance Process

1. Level I - A grievance is filed with the district's compliance officer. The compliance officer may, at his or her discretion, assign a school principal or other appropriate supervisor to conduct the investigation when appropriate.

Regardless of who investigates the grievance, an investigation will commence immediately, but no later than five working days after the compliance officer receives the grievance. The compliance officer or

designee shall conduct a prompt, impartial, adequate, reliable and thorough investigation, including the opportunity for the person filing the grievance and other parties involved to identify witnesses and provide information and other evidence. The compliance officer or designee will evaluate all relevant information and documentation relating to the grievance.

Within 30 working days of receiving the grievance, the compliance officer will complete a written report that summarizes the facts and makes conclusions on whether the facts constitute a violation of this policy based on the appropriate legal standards. If a violation of this policy is found, the compliance officer will recommend corrective action to the superintendent to address the discrimination, harassment or retaliation; prevent recurrence; and remedy its effects. If someone other than the compliance officer conducts the investigation, the compliance officer or acting compliance officer will review and sign the report. The person who filed the grievance, the victim if someone other than the victim filed the grievance, and any alleged perpetrator will be notified in writing, within five working days of the completion of the report, in accordance with law and district policy, regarding whether the district's compliance officer or designee determined that district policy was violated.

2. Level II - Within five working days after receiving the Level I decision, the person filing the grievance, the victim if someone other than the victim filed the grievance, or any alleged perpetrator may appeal the compliance officer's decision to the superintendent by notifying the superintendent in writing. The superintendent may, at his or her discretion, designate another person (other than the compliance officer) to review the matter when appropriate.

Within ten working days, the superintendent will complete a written decision on the appeal, stating whether a violation of this policy is found and, if so, stating what corrective actions will be implemented. If someone other than the superintendent conducts the appeal, the superintendent will review and sign the report before it is given to the person appealing. A copy of the appeal and decision will be given to the compliance officer or acting compliance officer. The person who initially filed the grievance, the victim if someone other than the victim filed the grievance, and any alleged perpetrator will be notified in writing, within five working days of the superintendent's decision, regarding whether the superintendent or designee determined that district policy was violated.

3. Level III - Within five working days after receiving the Level II decision, the person filing the grievance, the victim if someone other than the victim filed the grievance, or any alleged perpetrator may appeal the superintendent's decision to the Board by notifying the Board secretary in writing. The person filing the grievance and the alleged perpetrator will be allowed to address the Board, and the Board may call for the presence of such other persons deemed necessary. The Board will issue a decision within 30 working days for implementation by the administration. The Board secretary will give the compliance officer or acting compliance officer a copy of the appeal and decision. The person who filed the grievance, the victim if someone other than the victim filed the grievance, and the alleged perpetrator will be notified in writing, within five working days of the Board's decision, in accordance with law and district policy, regarding whether the Board determined that district policy was violated. The decision of the Board is final.

Confidentiality and Records

To the extent permitted by law and in accordance with Board policy, the district will keep confidential the identity of the person filing a grievance and any grievance or other document that is generated or received pertaining to grievances. Information may be disclosed if necessary to further the investigation, appeal or

resolution of a grievance, or if necessary to carry out disciplinary measures. The district will disclose information to the district's attorney, law enforcement, the CD and others when necessary to enforce this policy or when required by law. In implementing this policy, the district will comply with state and federal laws regarding the confidentiality of student and employee records. Information regarding any resulting employee or student disciplinary action will be maintained and released in the same manner as any other disciplinary record. The district will keep any documentation created in investigating the complaint including, but not limited to, documentation considered when making any conclusions, in accordance with the Missouri Secretary of State's retention manuals and as advised by the district's attorney.

Training

The district will provide training to employees on identifying and reporting acts that may constitute discrimination, harassment or retaliation. The district will instruct employees to make all complaints to the district's compliance officer or acting compliance officer and will provide current contact information for these persons. The district will inform employees of the consequences of violating this policy and the remedies the district may use to rectify policy violations. All employees will have access to the district's current policy, required notices and complaint forms. The district will provide additional training to any person responsible for investigating potential discrimination, harassment or retaliation.

The district will provide information to parents/guardians and students regarding this policy and will provide age-appropriate instruction to students.

Public Complaints

Policy KL and Procedure KL

The North Nodaway County R-VI School District is interested in resolving concerns and hearing complaints from the public regarding district programs and services so that they may be improved and better meet the needs of the students and the community.

The district encourages parents/guardians, students and other members of the public to first discuss concerns with the appropriate district staff prior to bringing the issue to the Board so that the issue may be thoroughly investigated and addressed in a timely fashion. The Board will not act on an issue without input from the appropriate district staff and may require a parent/guardian, patron or student to meet with or discuss an issue with district staff prior to hearing a complaint or making a decision on the matter.

All district employees are expected to answer questions, receive input and professionally address concerns and complaints of parents/guardians, students and other members of the public. If an employee is unable to answer a question or resolve an issue, the employee must direct the person or the question to the appropriate district employee.

Complaint Process

Complaints regarding district compliance with nondiscrimination laws will be processed according to policy AC. Employee grievances will be processed in accordance with the established employee grievance procedure or as otherwise required by law. Complaints involving federal programs will be processed in accordance with policy KLA. Other grievances or complaints for which there is a specific policy or procedure will be addressed pursuant to that policy or procedure. If no other policy or procedure applies, the complaint may be brought as described below.

Process for Resolving a Concern or Complaint

The following steps are to be followed by parents/guardians, students or the public when concerns or complaints arise regarding the operation of the school district that cannot be addressed through other established policies or procedures.

1. Concerns or complaints should first be addressed to the teacher or employee directly involved.
2. Unsettled matters from (1) above or concerns or complaints regarding individual schools should be presented in writing to the principal of the school. The principal will provide a written response to the individual raising the concern ("complainant") within five business days of receiving the complaint or concern unless additional time is necessary to investigate or extenuating circumstances exist.
3. Unsettled matters from (2) above or concerns or complaints regarding the school district in general should be presented to the superintendent or designee in writing. The superintendent or designee will provide a written response to the complainant within five business days of receiving the concern or complaint, unless additional time is necessary to investigate or extenuating circumstances exist.
4. If the matter cannot be settled satisfactorily by the superintendent or designee, a member of the public may request that the issue be put on the Board agenda, using the process outlined in Board policy. In addition, written comments submitted to the superintendent or the secretary of the Board that are directed to the Board will be provided to the entire Board. The Board is not obligated to address a complaint. If the Board decides to hear the issue, the Board's decision is final. Otherwise, the superintendent's decision on the issue is final.

Prohibition against Retaliation

The Board strictly prohibits discrimination or retaliation against any person for bringing a concern to the attention of the district or participating in the complaint process. This prohibition extends to relatives and others associated with the person who brought the concern or complaint. The Board directs all district employees to cooperate in investigations of complaints.

Missouri Course Access and Virtual School Program (MOCAP)

Policy IGCD

Because virtual instruction can be an effective education option for some students, the district may offer virtual courses to students through district staff or by contracting for those services as part of the district-sponsored curriculum. In addition, eligible students may enroll in virtual courses offered through the Missouri Course Access and Virtual School Program (MOCAP). The district will accept all grades and credits earned through district-sponsored virtual instruction and MOCAP.

The district will pay the costs of a virtual course only if the district has first approved the student's enrollment in the course as described in this policy. Even if a student or his or her parents/guardians pay the costs for a virtual course, the student or parents/guardians should meet with the principal or designee prior to enrollment to ensure that the course is consistent with the student's academic and personal goals.

The district is not required to provide students access to or pay for courses beyond the equivalent of full-time enrollment. The district will provide supervision for students who take virtual courses in district facilities but will not provide supervision for students taking virtual courses offsite.

Students taking courses virtually are subject to district policies, procedures and rules applicable to students enrolled in traditional courses including, but not limited to, the district's discipline code and prohibitions on academic dishonesty, discrimination, harassment, bullying and cyberbullying.

Public Notice: Programs for Students With Disabilities
Policy IGBA

It is the policy of the Board of Education to provide a free and appropriate education for students with disabilities, including those who are in need of special education and related services.

General

Any individual who knows or believes that a student has a disability and is in need of accommodation should contact the school's principal or district administration immediately.

All complaints regarding discrimination will be resolved in accordance with policy AC. Anyone who has a complaint or suspects discrimination should contact the compliance officer identified in policy AC.

The district will notify all parents and students of its obligations under this policy and the law.

Unless the parents of the child have initially consented in writing to the district's offer to provide special education and related services, the district cannot, and will have no obligation to, provide special education services pursuant to the Individuals with Disabilities Education Act (IDEA), and the child will not receive the protections of the IDEA.

Students Eligible for Special Education Services under the IDEA

The district's programs and services available to meet the needs of students with disabilities will be in accordance with applicable federal and state laws governing special education services, including the State and Local Plans for the implementation of Part B of the IDEA. However, if the State of Missouri does not receive or accept federal IDEA Part B funds, nothing in this policy shall be read to require anything, procedurally or substantively, that is not required by the governing law.

Students Placed in Private Schools by Their Parents

In general, the North Nodaway County R-VI School District has no obligation to provide a free, appropriate public education (FAPE) or special education and related services to any student enrolled in a private school by his or her parents. The district will expend a proportionate amount of its IDEA Part B funds on the group of privately placed students as a whole, as required by law.

Parents of a student previously enrolled in the district who choose to unilaterally place the student in a private school without district consent due to a dispute regarding FAPE will not be reimbursed for tuition costs except as required by law.

Evaluation and Identification

The special education director will develop and implement procedures governing the evaluation of students to determine their eligibility for special education services in accordance with the law and state and local plans. Further, the Board authorizes the special education director to use a discrepancy model, including the use of professional judgment or a response to intervention (RTI) model, for identifying students with specific learning disabilities (SLD).

Independent Evaluations

An Independent Educational Evaluation (IEE) will be provided as required by the IDEA. Applicable procedures, evaluator criteria and cost guidelines governing the IEE process are available through the district's special services office. The Board delegates the authority to make changes to these procedures, evaluator criteria and cost guidelines to the superintendent or designee. These items will adhere to rules published in the State and Local Plans for Compliance with Part B of the IDEA.

Extended School Year

Extended school year (ESY) services may be necessary to provide a child with a disability a free and appropriate public education pursuant to law. The individualized education program (IEP) team will consider ESY services for all special education students eligible for services under the IDEA, but ESY services will only be provided if the student is found eligible in accordance with this policy.

A student will be eligible for ESY services if, based on the available data, the student needs services beyond the regular school day/term to avoid regression that will interfere with the student's ability to continue to progress in the curriculum. This determination will be based on consideration of the following:

1. The nature and severity of the student's disability.
2. The areas of learning crucial to the child's attainment of self-sufficiency and independence.
3. The student's progress.
4. The student's behavioral and physical needs.
5. Opportunities the student will have to practice skills outside of the classroom setting without ESY services.
6. Availability of alternative resources.
7. Areas of curriculum that need continuous attention.
8. Ability of the student's parents to provide educational structure.
9. Particular curricular or vocational needs of the student.

The length, nature and type of ESY services will be determined by the IEP team and addressed in each student's IEP. If at the time the IEP is developed it is unreasonable to predict eligibility for ESY services, the IEP team will meet after sufficient time has passed for the team to make an informed decision about ESY services, but not later than six (6) weeks prior to the end of the regular school term.

Mediation

The Board of Education authorizes the superintendent or designee to legally bind the school district to a mediation agreement developed in accordance with the IDEA and Missouri law and further authorizes the superintendent or designee to contact an attorney for legal advice prior to making any decisions.

Resolution

The Board of Education designates the superintendent or designee to represent the school district in resolution meetings and gives the superintendent or designee decision-making authority on behalf of the district. The superintendent or designee has the authority to sign and legally bind the district to a settlement agreement reached at the resolution meeting. All other settlement agreements must be approved by the Board.

Children Three (3) to Five (5) Years of Age

When identifying children three (3) to five (5) years of age who qualify for special education but are not yet eligible for kindergarten, the district will use any of the disability categories, including that of Young Child with a Developmental Delay (YCDD). When a child so identified reaches kindergarten age, his or her eligibility will continue to be determined using any of the disability categories, including that of YCDD. A child who is not identified as eligible for special education services prior to reaching kindergarten age will be identified using disability categories excluding that of YCDD.

Accommodation of Students with Disabilities Including Those Not Eligible for Special Education Services under the IDEA

The district seeks to identify, evaluate and provide free and appropriate educational services in the least restrictive environment to all qualified students with disabilities within the definitions of Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act (ADA). No qualified student with a disability shall, on the basis of disability, be excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination under any district program, including nonacademic services and extracurricular activities.

Students with disabilities may be eligible for accommodation under this policy even though they are not eligible for services pursuant to the IDEA. The district will initiate a referral if a student requiring accommodation is also believed to be a student with a disability under the IDEA. Implementation of an IEP in accordance with the IDEA satisfies the district's obligation to provide a free and appropriate education under Section 504.

.Interrogations, Interviews, and Searches Board Policy: JFG

School lockers, desks and other district property are provided for the convenience of students and, as such, are subject to periodic inspection without notice.

Student property may be searched based on reasonable suspicion of a violation of district rules, policy or law. Reasonable suspicion must be based on facts known to the administration, credible information or reasonable inference drawn from such facts or information. Searches of student property shall be limited in scope based on the original justification of the search. The privacy and dignity of students shall be

respected. Searches shall be carried out in the presence of adult witnesses and not in front of other students, unless exigent circumstances exist.

It is a privilege, not a right, to park on school grounds. The school retains the authority to conduct routine patrols of any vehicle parked on school grounds. The interior of a student's automobile on school premises may be searched if the school authority has reasonable suspicion to believe that such a search will produce evidence that the student has violated or is violating either the law or district policy.

The administration will contact law enforcement officials to perform a search if the administration reasonably suspects that a student is concealing controlled substances, drug paraphernalia, weapons, stolen goods or evidence of a crime beneath his or her clothing and the student refuses to surrender such items. Law enforcement officials may be contacted for assistance in performing a search in any case in which a student refuses to allow a search or in which the search cannot safely be conducted.

School employees and volunteers, other than commissioned law enforcement officers, shall not strip search students, as defined in state law, except in situations where an employee reasonably believes that the student possesses a weapon, explosive or substance that poses an imminent threat of physical harm to the student or others and a commissioned law enforcement officer is not immediately available. If a student is strip searched, as defined in state law, by a school employee or a commissioned law enforcement officer, the district will attempt to notify the student's parents/guardians as soon as possible.

During an examination, and if reasonable under the circumstances, school employees may require students to empty pockets or remove jackets, coats, shoes and other articles of exterior clothing that when removed do not expose underwear. Employees may also remove student clothing to investigate the potential abuse or neglect of a student, give medical attention to a student, provide health services to a student or screen a student for medical conditions.

Interview with Police or Juvenile Officers/Other Law Enforcement Officials

Law enforcement officials may wish to interview students regarding their knowledge of suspected criminal activity and may wish to interrogate students who are themselves suspected of engaging in criminal activity. Such interviews and interrogations are discouraged during class time, except when law enforcement officials have a warrant or other court order or when an emergency or other exigent circumstances exist. It is the responsibility of the principal or designee to take reasonable steps to prevent disruption of school operations while at the same time cooperating with law enforcement efforts.

When law enforcement officials find it necessary to question students during the school day or during periods of extracurricular activities, the school principal or designee will be present and the interview will be conducted in private. The principal will verify and record the identity of the officer or other authority and request an explanation of the need to question or interview the student at school. The principal ordinarily will make reasonable efforts to notify the student's parents/guardians unless the interviewer raises a valid objection to the notification.

Interview with the Children's Division

Representatives of the Children's Division (CD) of the Department of Social Services may meet with students on campus. The district liaison will work with CD to arrange such meetings so they are minimally disruptive to the student's schedule. If the student is an alleged victim of abuse or neglect, CD may not meet with the student in any school building or child care facility where the abuse of the student allegedly

occurred. The principal will verify and record the identity of any CD representatives who request to meet with or take custody of a student.

Contacts by Guardian Ad Litem and Court-Appointed Special Advocate

When a court-appointed guardian ad litem or special advocate finds it necessary to interview a student during the school day or during periods of extracurricular activities, the school principal or designee must be notified. The principal will verify and record the identity of the individual through the court order that appoints him or her. The interview must be conducted in a private setting and with the least disruption to the student's schedule.

A Parent's Guide for Solving Problems at School North Nodaway R-VI School Board of Education

Unfairness, misunderstanding, hurt feelings, and conflict are experiences common to us all. When children experience these problems at school it causes difficulty not only for the children, but also for parents and school staff. How to successfully solve problems at school is what this guide is all about.

1. Take your concern to the person closest to the problem.

No matter where the problem is, take your concern there first. Whether in the classroom, on the bus, or on the practice field, the quickest and easiest solution is usually found with the staff member most directly involved.

It's best if you make time to talk with school personnel regularly, before problems are encountered. Know who your children's teachers, bus drivers, and coaches are and how they may be contacted. Tell them when things are going well, and communicate any concerns you have quickly and openly.

If you call for an appointment to see your child's teacher, why not let them know in advance what the general nature of your concern is? This gives them an opportunity to ask other staff members for information that might relate to your problem or concern. If a personal visit isn't possible, why not call once to state the problem, and during that conversation, offer to call back at a time when you can both discuss the situation in more detail.

The problem you or your child face may be the result of an oversight or misunderstanding that can be easily corrected once it is brought to the attention of the staff member most directly involved. Give them a chance to tackle the problem first.

2. Present your concern to the next level.

The Principal is responsible for supervision of staff within buildings. The Director of Transportation/Superintendent at North Nodaway R-VI supervises all school bus drivers. Each one is an example of the next level of school personnel that you should contact if the staff member closest to the problem hasn't been able to satisfactorily resolve the situation.

Their ability to help will be improved if you share the steps you've already taken with the staff member closest to the problem, or if you will take time to openly share with them the reasons why you feel uncomfortable dealing directly with the person who is closest to the situation.

Supervisory personnel will rarely have ready access to the information they need to be of immediate assistance and working through them will often require additional time.

3. Talk with the Superintendent of schools.

Sometimes all the best intentions can't solve a problem. When you believe you've worked hard with those closest to the problem and you've taken the problem to the next level but still haven't achieved a satisfactory outcome, the superintendent of schools is the next place to go.

Keep in mind that the superintendent's day starts early and often ends late in the evening. Part of the superintendent's job requires attendance at area-wide meetings outside the district. As a consequence, a meeting with the superintendent will probably require some advance planning.

4. Contact your school board members.

School board members are elected to represent the interest of all parents and district residents and you should always feel free to tell them your point of view. School board members do not, however, have direct authority in day-to-day school operations. All authority is the result of official actions by a majority of the board at meetings open to the public.

The board's primary responsibility is to make policies that guide the school district. To formally adopt, delete or amend any part of an existing policy recommended by an updating service such as the Missouri School Boards, the Board may vote to accept the recommendations of the policy service. Some changes in policy require a procedure that often takes two or more months. Some policy changes may require substantial public input and consultation with the school district's attorney. These requirements often increase the time required for the board to make a response.

So when should a board member be contacted and what can they do?

Contact a board member

- ✓ after other means to solve a problem have been tried
- ✓ when a policy is being enforced but you believe it results in bad consequences
- ✓ when you believe a policy isn't being enforced
- ✓ when policies or procedures are not enforced fairly for all

A board member may take one or all of the following actions:

- ✓ informally discuss the issue with the superintendent or other administrators to consider whether policies or rules should be changed
- ✓ request that the board review the specific policies that relate to the situation
- ✓ propose new policies for the board's consideration
