I, Ashton Deroy, of Napanee, Ontario, MAKE OATH AND SAY THAT:

1. Ashton Deroy is making a broad use of God Complex. Thanks to Autistic Special Ed manipulations Ashton Deroy can no longer go on while respecting boundaries and ensuring the progress of their family. Rather they must make their lives harder in order to be able to rehabilitate. This will be done through a network of Communications warfare related to Advanced Cyber Security , Market Research Skills & MMA Strong style training. These had prior been masked under a clever Retard Complex.
2. Ashton Deroy believes the family has a systemic problem with mental health issues and owning up to the circumstances of childhood abuse with both them and Ashley Carpenter. Both who should be considered disabled.
3. Ashton Deroy has declared as of 2020-09-16 unending feelings for Kaylib Drury. Also declared Kaylib Drury Fairy Tail proofed Ashton Deroy as of 2020-09-16
4. Specific to Ashton Deroy there appears to be broad problems with the use of Queer labelling to hide a bed wetting disorder related to being intersex
5. Cousin Terry is an example of a broadly abused brain Injury. Even though Ashton Deroy does not care about Cousin Terry the facts stand as they are.

6. Family members have attempted to manipulate my Autism Declaration from 2016-2020 through the use of not so subtle manipulations rather than direct intention and legal dictation.
