2024 Screenwriters Service Membership Criteria

To join Screenwriters Shop as a screenwriter Service Provider, you must be able to successfully perform a publishing service, take money, and provide an email receipt to the customer within two days. Provide a second copy to Screenwriters Shop as confirmation of service. Service offerings are limited to the United States. However, customers may come from anywhere the website reaches.

The website offers services related to bringing stories to life in the United States. We do not take money on the website (for services) but provide links to service providers. Screenwriters Service Membership is paid on the Book Marketplace Net website. We take no commission from sales of those posting services on the website and do not moderate the prices posted. However, to register, an individual must fill out the price sheet [shown to shoppers] and inform us of any price changes. Prices may change quarterly. Suppose a consumer reports the service provider has misrepresented their price or charged a price other than what is shown. In that case, the individual will lose their membership for 6 months. If a customer files a complaint, the service individual can contest the complaint. It will be evaluated.

When your service is listed on the website, we add your logo, link your website (if you have one), and your email address. Please note that personal photos are not allowed. Additional links may be attached for the level 2 Service Marketing Plan, which may include a video or audio file. It's important to ensure that all links provided are valid, as the integrity of the website is essential. All links will be checked randomly, and invalid linked titles will be paused until a valid link is provided. If a link changes, please inform us. The webmaster selects the placement of the services provided. As the website expands, service providers may move to accommodate others.

Screenwriters Shop is a family website intended explicitly to release wholesome material. All material must suit an audience under 18. The individual marketing the service must be over 18 years old and offering the service. No one may market a service for anyone else [secondary provider]. The individual marketing the service must be providing the service. We understand that many service providers may do more than one service. The services and/or video may be changed quarterly.

We do not sell email or web address lists, and we do not spam or encourage spam. The website's intention is to offer services to those who are seeking them.

Refrain from misrepresenting services that you cannot do in a high-quality manner. The integrity of the site depends on quality service offerings. Let's work together to provide good publishing services.
