

Voting is the American Way!

For decades the people who want power have been giving us a message that our vote doesn't matter, but it does. And not just for a presidential election. ALL ELECTIONS MATTER!!

Local elections are the way you can build up your community, not voting is how we tear our communities down. The most important single thing you can do to protect your life, your family's lives, the people and places you care about, is to vote. The ONLY thing powerful people are afraid of is your vote. Otherwise, they wouldn't spend millions of dollars trying to convince you who to vote for.

The fewer number of people who vote, the easier it is to control the population. Don't give them the chance. Learn about the candidates, make a decision, and go to the polls. The only thing that can save our country is YOU!!
