INNOVATION, TECHNOLOGY, DESIGN

features

- Simple and fast installation in lockers, cabinets, drawers, etc. Suitable for installation on **all types of materials.**
- Opening modes:
  - BLE (Bluetooth Low Energy): with APP mobile.
  - Online: remote opening through Gateway.
  - With **optional** keyboard:
    - Numerical code: permanent, temporary, cyclic and one time access.
    - MiFare proximity.
  - Emergency: administrator master code for emergency openings.
- Online connexion through Gateway, allows the administrator to manage users, openings log audit and remote opening from its Smartphone.
- Two different modes of operation:
  - Auto-closing, with programmable closing time.
  - Open mode: the user closes the lock with their bluetooth electronic key, code or card.
- Distinguish between 2 user modes:
  - Owner: for lockers exclusively used by one person.
  - Allocation: the user uses the free lockers that are available at any given time. 1 card can close only 1 locker.
- Programmable automatic opening at a certain time.
- Does not require wiring, works with 4 AAA batteries. Under 10% of charge level, Lockerfy doesn't close to avoid not being able to be opened later.
- Opening alarm: alarm sounds and lights up when forced to open. Connected via Gateway, Lockerfy sends push notification via App to the administrator.
- Dimensions: Lock 95 x 90 x 30 mm | Keypad 100 x 36 x 19 mm.
