Friday, February 7, 2025

Cattle may arrive at the Iowa State Fairgrounds

Saturday, February 8, 2025

Limousin cattle must be in stalls.

9am Limousin Check-in

2pm People's Choice Parade*

* In Limousin Aisle

Stop by the Limousin Booth and check out the sale consignments.

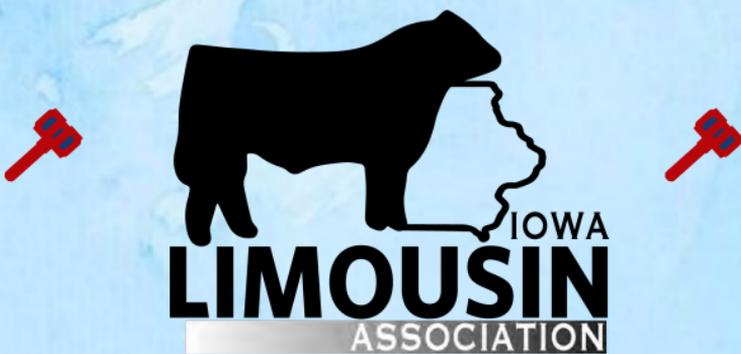

Supreme Bull & Supreme Female will split purse dollars between buyer and seller.

Sunday, February 9, 2025

Iowa Limousin Sale

8:30am Buyer Numbers in aisle

10:00am Limousin Sale in the North Annex Sale Ring

Any Limousin heifer that sells to a Jr. exhibitor is eligible to show in a Sale Heifer Futurity class on Friday evening February 14, 2025 prior to the Jr. Show weekend. A winner of that class gets a \$500.00 cash award. Heifers selling Sunday, February 9, 2025 are eligible to make entry and show the in the IJBBA Show - just let the clerks know when you purchase your animal.

If you purchase a Limousin heifer at the sale you may bring her back to ISF and show in open or 4-H/FFA shows, you may be eligible for a \$500.00 cash award to be used at the 2026 Iowa Beef Expo Limousin Sale to purchase a female.

Maxwell 301M is a stout made, burly, big topped stud! When on the move he is sound and flexible at the ground. Oh ya, 301M can be used on heifers. Maxwell is going to add weight to a group of feeder calves and leave you with some awesome females. 301M is out of our 135A cow who is the backbone of our program and is no stranger to raising top sellers and champions. If you are looking for a bull that will sire calves with a great look and will perform, you found him! When the gavel drops be sure Maxwell is going home with you.

LIMOUSIN

DOCILITY AND CALVING EASE
 "Docility and calving ease are the two number-one things for a commercial rancher. And the docility of the Lim-Flex is really great. But calving ease is top of the line. She has to be able to produce a calf without a lot of problems."

FEED EFFICIENCY & CARCASS MERIT
 "Using a Continental breed such as Limousin or Lim-Flex on a British-based cow herd gives you the best of both worlds – the maximum combination of a balance between gain, feed efficiency and carcass quality."
