Growth Bonus Points:
Earn **200** points for every **\$10,000** increase of total 2025 sales over total 2024 sales.
Points are earned by using the following formula: the total amount billed for the product, less taxes and delivery (if applicable), multiplied by the percentage listed above.
For example:
You purchase one 96% modulating furnace that costs \$2,500. Modulating furnaces earn points at 5%.
2,500 x 5% = 125 points
