Summer is in full swing, and it got hot quickly! It is a perfect time to cool down and enjoy the pools. When using the pools, please remember a few pool rules and etiquette. No food and drinks in the pool and rinse before entering the pool. The sand is detrimental to the pool system! Residents are given a Photo ID Resident Card for use of The Waters' amenities. Each card has a chip inside that can be activated or deactivated based on the resident's status. It is so important that neighbors do not open the pool gates for other neighbors whose cards are not working. It is very rare that the card malfunctions. However, it is very likely that the assembly deactivated the card because of non-payment of HOA dues. Pool gates must always remain closed and never propped open. Open gates are in violation of the health department requirements and safety risk. Open gates can result in the health department shutting down the pools.

Note from the Assembly Manager

The Waters Assembly has received several calls about kids swimming in the lake. As a reminder, for safety reasons, swimming in the lakes is not permitted.

The neighborhood event calendar for Summer 2026 is already in full swing. Crystal has planned a lot of fun and new Kids Club Events; please review the list of events included in this newsletter including new kid's club event. For a quick look at events and the food truck schedule, visit the assembly website – www.TheWatersAssembly.com.

When you are out enjoying everything, The Waters has to offer, if you see an amenity that needs attention, please send a message to the assembly management team at info@TheWatersAssembly.com.

As a reminder, please report any suspicious or unlawful activity to the sheriff's department when it occurs. Call 911 or the non-emergency number 334-832-1328. After notifying the sheriff's department, please notify the assembly office at 334-277-5551 or Info@TheWatersAssembly.com.

Whether you are new to The Waters or you have been here for years, we are thankful to each person who calls The Waters home!

Jennifer Akridge,
Assembly Manager

Parents' Checklist for Fishing Safely with Young Anglers

When you go fishing with kids, you need more than fishing gear. Remember to bring along the right attitude and the right stuff for safety.

Hooked on Fishing International has developed a guide for adults who supervise young anglers.

- ✓ Everyone should wear a hat and either glasses or sunglasses (preferably polarized sunglasses).
- ✓ Establish rules such as: No running. Keep your shoes on. Point your rod towards the sky when walking. Look around for people and obstructions before you cast.
- ✓ Anglers should learn the overhead cast first. The overhead cast teaches proper technique and is safer than side casts.
- ✓ Set up a buddy system. The youngest anglers need an adult "buddy" and constant supervision.
- ✓ Make sure each young angler, swimmers and non-swimmers alike, wears a personal flotation device at all times—on the boat, on the dock, or on the shore.
- ✓ Bring a long-handled fish net, not just for netting fish, but in case it is needed to reach out to someone in the water. It will also retrieve trash or valuables from the water.
- ✓ Take a first aid kit with medical supplies to deal with cuts and scrapes, bruises and bumps, bites and boo-boos.
- ✓ Plan for cold drink breaks. Summer temperatures can get pretty warm, so bring lots of cool water and other healthy drinks and make sure the young anglers drink fluids often to prevent dehydration or even heat stroke. Liquids are important in the winter also.
- ✓ Sunscreen is a necessity. The ultraviolet (UV) light of the sun can do a lot of damage to skin, eyes and lips. Outfit young anglers with proper sunglasses, a billed cap, and clothing appropriate to the climate and sun conditions. Avoid fishing in the middle of the day. Cover face, neck, ears, the back of hands, and all other exposed skin with a sun protection factor of 15 or higher.
- ✓ Stay away from snakes. Most snakes are harmless, but most of the people that have been bitten were trying to catch or kill the snake.
- ✓ Ward off pests with insect repellent. Mosquitoes, ticks, bees and other insects not only sting, they can carry diseases.

Always remember that safety comes first. Look for trouble before it finds you. If it finds you anyway, you will be prepared to deal with it.

Kayak & Canoe Care Reminder

Help us keep our community kayaks and canoes in great condition for everyone to enjoy!

After each use, please:

- Return your kayak or canoe to the storage racks whenever possible. If you are unable to do so, please pull it well up onto the shore so it does not drift back into the water.
 - Return paddles and life jackets to their designated storage area.
 - Remove all personal belongings and dispose of any trash.
 - Report any damage or maintenance concerns to the HOA office as soon as possible.
- Treat all community equipment with care so it remains safe and available for everyone.

Thank you for helping us protect and maintain these shared amenities for all residents!

Did You Know?: Did you know residents age 14 and older must have an amenity card to access the amenities. Please call 334-277-5551 and make an appointment for orientation if you have not received your amenity card. If you need to replace a damaged or lost card, replacements cards are \$15 and can be obtained by emailing Info@TheWatersAssembly.com or calling the office at 334-277-5551.
