
PROFILE

Sunjo is a High School Senior International Baccalaureate (IB) Honor Roll student with interests in science, engineering and technology as well as writing and public speaking. He has a passion for sport and has played Junior Varsity soccer and basketball and varsity soccer all through his high school years. He was captain of his club soccer team during his final 2 years at High School. Sunjo is a budding leader and strong team player.

EDUCATION

Harrison High School (HHS), Harrison, NY
IB Diploma Programme (DP)**2015 - 2019**

HHS is an International Baccalaureate (IB) World School. The International Baccalaureate (IB) Diploma Programme is a challenging two-year curriculum for juniors and seniors designed to promote multi-disciplinary content mastery, critical thinking skills, global awareness, and personal efficacy. Central to the philosophy of the IB programme, IB Diploma candidate-students are required to take six subjects (usually one from each subject group) plus a 4,000 word Extended Essay (EE), complete a course in Theory of Knowledge (TOK, which serves as a philosophical and theoretical framework for the IB program; explored the nature of knowledge across disciplines and developed an appreciation for the cultural context of meaning), and engage in a number of Creativity, Action and Service (CAS) projects.

Additional IB causes taken:

- IB Biology HL, IB Math, Science Research II, IB English HL, US History, IB Psychology HL, IB French SL

Professional Experiences**Science Research:*****Malaria Elimination Centre, Lusaka, Zambia***

Jul – Aug 2018

Conducted research as part of an internship at the Ministry of Health in Zambia and wrote an extended essay on the role the mosquito in malaria and how the transmission mechanism can be interfered with to stop the spread of the disease. The work was selected for presentation at the Junior Science and Humanities Symposium in NY on 9 February 2019.
