

2023 Basketball Coaches Packet

Dear Coach:

Enclosed you will find pertinent information about our camps. Please take the time to look over all of the enclosures, including rules modifications.

Because we are playing at multiple sites, and with so many teams, you will be given a copy of the Tournament bracket when you check in on the first day. If we see that we have not bracketed accurately, we will make changes on the first day and notify you before you leave that evening. Otherwise, the bracket you receive on the first day will be the one we follow for the tournament. If there are changes we will contact the teams involved. Past experience has shown us that this is the best way. If you have two teams entered, we will try to keep you together as much as possible, but there may be times that your teams play at different sites.

We suggest, if you bring multiple teams, that you bring coaches for each team. It is possible that your teams could be playing at the same time and possibly in different gyms. This is especially true during the tournaments on the last day of camp. We try to avoid this as much as possible, but sometimes we can't. It is very important that we begin games on time. Teams that do not arrive on time will throw the entire schedule off.

Please arrive at least one-half hour before your first scheduled game. All teams will check-in at the location noted on the check in schedule. We have scheduled you to check in at a time that is convenient to you. If you desire to check in at a time prior to your scheduled time, feel free to do so. **Please refer to the check in schedule.**

We have spent a great deal of time in compiling a schedule that hopefully is as convenient to you as possible. With everyone's cooperation in getting to your games on time, everything should go smoothly. Again, it is important that you give yourself ample time to travel from your home to your first game site and arrive at least 30 minutes prior to your first game.

We will send out periodical texts to keep you abreast of camp developments. Please do not respond to a group text but respond with a new text thread.

We look forward to a good camp that will be enjoyable for all, and that will also challenge your players to improve.

Sincerely,
Camp Staff

Please Bring your Own Warm-Up Balls for Camp!

ALL CAMP TEAM

Please Turn this form into the Gym Supervisor at the site where you play your tournament.

ALL CAMP TEAM

After you play your last game, before leaving camp, be sure to give your nominations for our all camp team to the person in charge of supervision at that gym where you play your tournament. A Nomination Form is enclosed in this packet.

The Purpose of the All-Camp Team is to get recognition for deserving players. We will send the names of players who are chosen to all college women's programs in the states of Missouri, Kansas, Arkansas, Illinois, Iowa and Oklahoma. We will include, with the players name and year in school; the coach's name and school address.

You will be able to see the complete list, of all the players selected from each camp, posted on our website. Each coach will nominate one of their own players. This the fairest way to do it, since in a camp this big you will not be able to see all of the other teams play. We will also get input from gym supervisors and officials in making the selections.

Under normal circumstances, the team who wins the upper division championship will have two players selected to the team, with the Most Valuable Player selection coming from this team. All other teams will usually have a maximum of one selection. We will try to get as many players as possible named to the team.

We want the all-camp team to be a positive attribute for our camp.

Please text your nomination for the all-camp team by noon the final day of camp to
Dave at 636-232-4688.

CAMP POLICES

MOTEL/DORM SUPERVISION

We have had a great reception from the motels in the area we hold camps. They have appreciated the vast amount of business that the out of town participants and spectators in our program generate. We feel that the local motels have also been very hospitable to our visitors. We want to keep this good relationship and ask that you continue to monitor your athletes as to being respectful to the motel properties and the rights of other guests. If you should have a problem with a local motel, please notify our camp staff and allow for us to try and rectify your concern to your satisfaction.

MULTIPLE TEAM POLICY

Schools that bring more than one team to camp can use their players on either or both teams, according to that coach's discretion. The philosophy of our camps is that competition is more important than winning. Teams are here to improve their skills for the upcoming season and we leave it to the total discretion of the individual coach as to how he or she employs their personnel.

LAST DAYS FORMAT

After all teams have played their last scheduled game, we will begin a single elimination tournament around noon on the last day of camp. The first round game of the tournament is included with the amount of games we guarantee. ALL teams in camp are scheduled to play in tournaments that should be at or very close to their expected level of play.

Please note that tournament brackets will have already been made and will be given to you on the first day of camp. We went to this format several years ago to eliminate confusion on the schedule. Poor communication with only one team can cause major difficulties. We learned the hard way that setting the bracket before play is the best way to go. If we have not bracketed accurately to assure good competition, then we still reserve the right to change the bracket after we see teams play. If any changes need to be made, you will be informed.

PROCEDURE FOR BUILDING THE CAMP SCHEDULE

Creating a schedule with a camp this large is a very big endeavor to undertake. When putting the schedule together, we take into account the following factors:

1. The distance that teams have to travel to arrive at the camp site. Teams traveling the farthest will play the latest in the afternoon. We also try to let teams play games on their way to the check in site. An example would be: Teams coming in from the St. Louis area may stop to play in St. James before they check in.
2. Play teams of comparative strengths. It is very important that teams are challenged by teams similar in abilities. This is a very important factor to assure you of having a good and productive camp.
3. Keep schools that bring two or more teams to camp at the same site. We try to keep these teams together as much as possible.
4. Allow teams to play schools from different areas that you will not normally see during the regular season. Sometimes this doesn't always work because some of the above priorities take precedent, but we try to have you play teams from different areas and states.
5. Teams that play late on the first night may not play the first games the next day. Once again this does not always work out because of the other above factors, but we do try.
6. Teams that are commuting do not have long breaks. These teams do not have hotels to pass the time, so we try to keep their schedules as compact as possible. The bigger the camp, the more gyms we will use, and the "domino effect" really takes hold. Add to this the complication of a team "bailing out" on us at the last minute, and we hope you get the idea of what a major headache the scheduling can become. Your patience and understanding is appreciated.

OUR GOAL

Our goal is for you to walk out of the gym on the last day of camp saying that our camp is not only the most economical that you have ever attended, but also the very best. If you have a problem, please allow us to try to fix it to your satisfaction. We want you to be treated well and to feel like your selection of our camp is appreciated. If you are not shown courtesy and appreciation by any of our camp workers, supervisors, or referees; we want to know about it. I also want to know if employees of motels, restaurants, or anyone else in the community; does not make you feel welcome. We want you to enjoy your experience in our community and we will do whatever it takes to make that a reality.
