ABOUT US

GET TO KNOW US BETTER

Since 2009, we at Lynn Trucking Inc. have believed in the transformative power of compelling storytelling, data-driven strategies, and cutting-edge creativity. Our mission is simple: to empower businesses with strategic marketing solutions that not only elevate brand visibility but also drive tangible growth and success.

Our owner, Karan Gill, started this company in 2009 with just one truck. He was a professional truck driver while his wife did dispatch. Since then they grew and expanded our family here at Lynn Trucking Inc.

We're proud of our journey and remain committed to delivering exceptional client results. What sets us apart is not just our expertise but our commitment to understanding each client.

WHAT WE BELIEVE

ABOUT OUR VISION AND MISSION

VISION

Our vision is to be the most reliable and innovative logistics partner, delivering excellence in every mile. To revolutionize the trucking industry through cutting-edge technology and unparalleled service, setting the standard for the future of transportation.

MISSION

Our mission is to deliver superior freight services with a focus on customer satisfaction, operational excellence, and a dedication to sustainability in all our practices. We aim to connect businesses with their customers through dependable, on-time deliveries while fostering a culture of integrity, safety, and continuous improvement.

PROBLEMS

WE WILL SOLVE THE PROBLEMS

01 Regulatory Compliance

Navigating the complex web of federal, state, and local regulations can be challenging and costly.

02 Safety And Liability

Accidents and safety violations can lead to legal issues, increased insurance costs, and damage to the company's reputation.

03 Customer Expectations

Meeting customer expectations for timely and reliable deliveries can be challenging, especially with fluctuating demand.

Key 2025 Priorities Supporting Our Long-Term Strategic Goals

Truckload - Enhance customer value as we drive meaningful improvements in margin and cash flow:

- Leverage scale of OTR capacity, trailer network, and brands to drive unique value proposition that generates industry-leading yield
- Create value for customers and improve returns in a market where over-the-road capacity continues to exit

Less-Than-Truckload - Increase shipment volumes and improve margin as we grow into expanded network:

- Utilize network integrations to create additional customer opportunities, unlock a more valuable freight mix, and drive margin expansion
- Continue disciplined organic and inorganic growth in LTL that continues to fill network as opportunities arise

Logistics - Continue using our trailer assets to enhance our logistics capabilities as a complement to truckload:

- Leverage technology to: expand our power-only offering, apply dynamic pricing, and enhance carrier qualification
- Drive outsized growth in an improving market through partnership with asset businesses
