

## **Settling In Plan for New Students**

This settling in plan is designed to support children and families as they begin their journey at Levant International School. We understand that each child is unique, so this plan serves as a flexible guide that can be adapted to suit individual needs. Our aim is to ensure a smooth, gentle transition into school life, helping children feel safe, confident, and at home.

### **Suggested Settling In Steps**

Day 1 Wednesday 10<sup>th</sup> September: Parents are welcome to stay with their child for the morning (1–2 hours). The goal is for the child to explore the classroom environment with the comfort of a familiar adult nearby.

Day 2 Thursday 11<sup>th</sup> September: Child attends for a short session (2–3 hours) with the option for the parent to stay nearby if needed. Teachers begin to establish routines with the child.

Day 3: Friday 12<sup>th</sup> September: Child attends for the day without the parent present, building independence and trust with teachers. Early closure on Fridays at 12.00.

### **Notes for Parents**

Every child is different, some may move through the steps quickly, while others may need more time. Communication is key; parents and teachers will work closely together to adjust the pace.

The goal is always to prioritise the child's emotional security and ensure school feels like a second home.
