"Stefani with **Loving Transitions LLC** is the perfect complement and a huge asset to Real Estate Brokers working with older clients who need extra assistance in their move. She is a vital part of the team in transitioning these clients in a professional, yet sincerely caring manner. She has fabulous resources including estate sale contacts, cleaners, art dealers, movers, etc. Stefani is also a great communicator both with the clients as well as the broker. The name of her company "**Loving Transitions**" is a perfect representation of what she does and the manner in which she works. I highly recommend Stefani and her services."
