Glazed Porcelain Floor, Glazed Porcelain Wall

The Calacatta Borghini Next collection, known for its 73-degree whiteness, is inspired by the classic Calacatta marble. It mimics the elegant veining and white background of the natural stone, offering a practical alternative to marble. This makes it a popular choice for high-end residential and commercial spaces. Its timeless charm and versatility make it a favorite among interior designers and homeowners looking to create a sophisticated and enduring ambiance in their interiors.
