To Whom It May Concern

I am writing to commend Gary Brunclik for his outstanding work as Production Manager at Sunset Cultural Center. I had the pleasure of working directly with Gary while producing Nutcracker; A Monterey Peninsula Tradition, December 2018. As founder of Dance Kids of Monterey County, our production has used the Sunset Center venue since 1995. The only time we were not on the stage in December of each following years, was during the time of the Center's remodel. Naturally, in that length of time I have worked with many Sunset Center Production Managers and Gary's tremendous abilities never ceased to amaze me.

His incredible adaptability has allowed him to work successfully with the myriad of designers, choreographers and production staff our production employs. His flexibility allows him to quickly switch tactics if we have a change of direction at the last minute. He is connected and calm and perseveres when problems arise. He knows his job and takes pride in his work with a positive 'can-do' attitude.

Gary interfaced seamlessly with co-workers, making him a great addition to the team. His communication with me and Dance Kids team of volunteers has always been professional and respectful. He is keenly aware our production has over 100 children from the ages of 4 through 18 and a host of adults and professional actors. His manners have been impeccable and his smile engaging to our cast.

With his abilities, adaptability, and dedication, Gary is an accomplished Production Manager whom I know puts the professionals on stage and off, at ease. If you have any questions, please feel free to contact me at my email address.

Sincerely,

Carol Richmond
