MANAGEMENT DISCUSSION AND ANALYSIS

OVERVIEW

The financial statements are in conformity with the requirements of the Companies Act, 2013 and the Accounting Standards issued by the Central Government. The Management of the Company accepts responsibility for the integrity and objectivity of these financial statements, as well as, for estimates and judgments relating to matters not concluded by the year-end. The management believes that the financial statements reflect fairly the form and substance of transactions and reasonably presents the company's financial condition, and results of operations. To ensure this, the Company has installed a system of internal controls, which is reviewed, evaluated and updated on an ongoing basis. Our auditors have conducted audits to provide reasonable assurance that the company's established policy and procedures have been followed. However, there are inherent limitations that should be recognized in weighing the assurances provided by any system of internal controls. These financial statements have been audited by M/S Samudrala K & Co LLP, Chartered Accountants, Hyderabad, the Statutory Auditors of the Company.

OPPORTUNITIES, THREATS, RISKS & CONCERNS

Since the company is carrying on only trading operations it does not perceive any threats, risks and concerns for its business.

However, the company is still in the process of selecting a business which can contribute to the profitability of the company and add value to the stakeholders.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The company has an adequate system of internal financial controls.

ANNEXURE TO THE REPORT OF THE DIRECTORS
CERTIFICATE FROM AUDITORS REGARDING COMPLIANCE OF
CONDITIONS OF CORPORATE GOVERNANCE

To The Board of Directors of
PFL INFOTECH LIMITED

We have read the report of the Board of Directors on Corporate Governance and have examined the relevant records relating to the compliance conditions of Corporate Governance of PFL INFOTECH LIMITED (the company) for the year ended 31-03-2025 as stipulated in Clause 15(2) of SEBI (Listing Obligations and Disclosures Requirements) Regulations, 2015 of the said company with the stock exchanges.

The compliance of the conditions of the corporate governance is the responsibility of the management. Our examination conducted in the manner described in the guidance note on certification of corporate governance issued by the Institute of Chartered Accountants of India was limited to procedure and implementation thereof adopted by the company for ensuring compliance with the conditions of corporate governance. Our examination was neither an audit nor was it conducted to express an opinion on the financial statement of the company.

In our opinion and to the best of our information and explanations given to us and on the basis of our examination described above, the company has complied with the conditions of corporate governance as stipulated in the above-mentioned Listing Regulations.

We further state that such compliance is neither an assurance as to the future viability of the company nor the efficiency or effectiveness with which the management has conducted the affairs of the company.

INDEPENDENT AUDITOR'S REPORT

To the Members of PFL INFOTECH LIMITED

Report on the Audit of the Standalone Ind AS Financial Statements

Opinion

We have audited the accompanying standalone financial statements of **PFL INFOTECH LIMITED** (the "Company"), which comprise the standalone balance sheet as at March 31, 2025, and the standalone statement of Profit and Loss (including other comprehensive income), and the standalone statement of changes in equity and the standalone statement of cash flows for the year then ended, and notes to the standalone financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as the "Standalone Financials Statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with Companies (Indian Accounting Standards) Rules, 2015, as amended ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at **March 31, 2025**, and its loss and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

Emphasis of Matter

We draw your Attention to Note no.3.6 of the accompanying notes to the financial statements regarding Balances of Trade Receivables, Trade payables, Capital Advances, other advances given and taken and Loans given, taken and write off of the advances are subject to Confirmation/Reconciliation consequential adjustment, if any. Our opinion is not modified in respect of this matter

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Standalone financial statements of the current period. These matters were addressed in the context of our audit of the Standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. During the course of our audit, we have determined

that there are no key audit matters to be communicated in our report except for the matters prescribed in emphasis of matter

Information other than the Financials Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the consolidated financial statements, standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's Responsibilities for the Standalone Financials Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the management and the Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with

SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of the management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Materiality is the magnitude of misstatement in the Standalone Financial Statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the Standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatement in the Standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with

them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements

of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure A", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - (c) The standalone Balance Sheet, the standalone Statement of Profit and Loss (including other comprehensive income), the standalone statement of changes in equity and the standalone statement of cash flows dealt with by this Report are in agreement with the books of account;
 - (d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act;
 - (e) On the basis of the written representations received from the directors as on March 31, 2025 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164 (2) of the Act;
 - (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
 - (g) With respect to the matter to be included in the Auditor's Report under Section 197(16) of the Act, in our opinion, according to the information and explanation give to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 read with Schedule V of the Act, and
 - (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our

opinion and to the best of our information and according to the explanations given to us:

- i. The Company doesn't have any pending litigation which is required to be disclosed in the report.
- ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
- iii. The Company is not required to transfer any amounts to the Investor Education and Protection Fund during the year.
- iv. (a) The management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other persons or entities, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries"), or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(b) The management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any persons or entities, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

(c) Based on audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) contain any material mis-statement.
- v. The Company has neither declared nor paid any dividend during the year.
- vi. Based on our examination, which included test checks, the Company has used accounting software for maintaining its books of account for the financial year ended March 31, 2025 which has a feature of recording audit trail (edit log) facility for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with for the period the where audit trail (edit log) facility was enabled.

As proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014 is applicable from April 1, 2023, reporting under Rule 11(g) of the Companies (Audit and Auditors) Rules, 2014 on preservation of audit trail as per the statutory requirements for record retention is not applicable for the financial year ended March 31, 2025.

 - b. We have considered the internal audit reports of the Company issued till date, for the year under audit.
- xv. In our opinion, the Company has not entered into any non-cash transactions with its directors or persons connected with its directors and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company.
- xvi.
 - a. The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence reporting under clause 3 (xvi)(a) (b) and (c) of the order is not applicable.

- b. In our opinion, there is no core investment company within the Group (as defined in the Core Investment Companies (Reserve Bank) Directions, 2016) and accordingly reporting under clause 3 (xvi) (d) of the order is not applicable.
- xvii. On an overall examination of the financial statements of the Company, the Company has incurred cash losses in the current financial year and in the immediately preceding financial year to the extent of Rs. -34.70 lakhs and Rs. -569.46 lakhs respectively.
- xviii. On the basis of the financial ratios, aging and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report that the Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- xix. The requirements as stipulated by the provisions of Section 135 of the Companies Act, 2013 are not applicable to the Company. Accordingly, reporting under clause 3(xx)(a) and (b) of the Order are not applicable.

Annexure- B TO THE INDEPENDENT AUDITOR'S REPORT**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of PFL INFOTECH LIMITED (the "Company") as of March 31, 2025 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the standalone financial statements, whether due to fraud or error. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of standalone financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

PFL INFOTECH LIMITED

Notes forming part of the Standalone Financial Statements

1 Corporate information

PFL INFOTECH LIMITED ("the Company") was incorporated on 11-12-1986. It was converted to public limited company with effect from 22 January 1993 and is listed on BSE. The Registered office of the Company is situated at H.NO-1-10-122-125/B-2, Flat No.102, Block B2, Radha Krishna Towers, Mayuri Marg Begumpet, Hyderabad-500016. The

2 Basis for preparation of financial statements

2.1 Statement of compliance

These financial statements are prepared under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values. These financial statements comply with Indian Accounting Standard (Ind AS), as prescribed under Section 133 of the Act read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and relevant amendment rules issued there after.

All amounts are in Indian ₹ lakhs except share data, unless otherwise stated.

All assets and liabilities have been classified as current and non-current as per the Company's normal operating cycle and other criteria set out in Schedule III of the Companies Act, 2013.

Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as twelve months for the purpose of current and non-current classification of assets and liabilities.

Prior year comparatives

Figures have been rounded off to nearest lakhs and previous year figures have been regrouped wherever necessary, to correspond with the current period classification/disclosure and there is no impact on total income and net profit.

2.2 Basis of measurement

These financial statements have been prepared on the historical cost convention and on an accrual basis, except for the following:

- certain financial assets and liabilities are measured at fair value;
- long term borrowings are measured at amortized cost using the effective interest rate method.
- defined benefits plans and plan assets measured at fair value.

2.3 Critical accounting judgements and key sources of estimation

In the application of the Company's accounting policies, the management of the Company is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an on going basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

The following are the areas of estimation uncertainty and critical judgements that the management has made in the process of applying the Company's accounting policies and that have the most significant effect on the amounts recognised in the financial statements:

Provision and contingent liabilities

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an out flow of resources will be required to settle the obligation and the amount can be readily estimated.

Contingent liabilities are disclosed when there is a possible obligation arising from the past events, the existence of which will be confirmed only by occurrence or non-occurrence of one or more uncertain further events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount can not be made.

Where the likelihood of outflow of resources is remote, no provision or disclosure as specified in Ind AS 37 "Provision, Contingent liabilities and contingent assets" is made.

Useful lives of depreciable assets

Management reviews the useful lives of depreciable assets at each reporting. As at 31 March 2025 management assessed that the useful lives represent the expected utility of the assets to the Company. Further, there is no significant change in the useful lives as compared to previous year.

2.4 Measurement of fair values

A number of the Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

3 Significant accounting policies

3.1 Revenue recognition

Revenue from goods and services is recognized, when the Company satisfies a performance obligation by transferring a promised good or service to its customers. The Company considers the terms of the contract and its customary business practices to determine the transaction price. Performance obligations are satisfied at the point of time when the customer obtains controls of the asset.

Revenue is measured based on transaction price, which is the fair value of the consideration received or receivable, stated net of discounts, returns and Goods & services Tax. Transaction price is recognised based on the price specified in the contract, net of the estimated sales incentives/ discounts. Past trends are used to estimate and provide for the discounts/right of return, using the expected value method.

3.2 Leases

As a lessee, the Company mainly has lease arrangement for buildings. The Company assesses whether a contract is or contains a lease at inception of the contract. The assessment involves the exercise of judgement about whether there is an identified asset, whether the Company has the right to direct the use of the asset and whether the Company obtains substantially all the economic benefits from use of that asset.

The Company recognise a right-of-use asset (ROU) and a corresponding lease liability at the lease commencement date. The lease liability is measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate can not be readily determined, the Company uses the incremental borrowing rate.

The ROU assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease initiatives. ROU assets are amortised from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying assets. ROU assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable.

The lease liability is initially measured at amortised cost at the present value of future lease payments. The lease payments are discounted using the interest rate implicit in the lease or if not readily determinable, using the incremental borrowing rate. Lease liabilities are remeasured with a corresponding adjustments to the related ROU asset if the Company changes its assessment of whether it will exercise an extension or a termination option.

3.3 Foreign currency transactions

Transaction in foreign currency are translated in functional currency using the exchange rates prevailing at the dates of the respective transactions. Foreign currency monetary items, outstanding at the balance sheet date are restated at year end rates. Non-monetary items are measured in terms of historical cost in foreign currency are not translated again. The exchange differences on monetary items arising, if any are recognised in the statement of Profit and loss in the period in which they arise.

3.4 Taxation

Income tax expense consists of current and deferred tax. Income tax expense is recognized in the statement of Profit and loss except to the extent that it relates to items recognized in the other comprehensive income or directly in the equity, in which case the current and deferred taxes are also recognised in other comprehensive income or directly in equity.

Current tax

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted at the reporting date, and any adjustment to tax payable in respect of previous years.

Deferred tax

Deferred tax is recognized using the balance sheet approach, providing for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax assets and liabilities are recognised for deductible temporary differences arising between the tax base of the assets and liabilities and their carrying amounts, except when the deferred income tax arises from the initial recognition of an asset or liability is a transaction that is not a business combination and affects neither accounting nor taxable profit or loss at the time of the transaction.

Deferred tax are recognised to the extent that it is probable that taxable profit will be available, against which the deductible temporary differences can be utilised.

Deferred tax assets and liabilities are measured using substantively enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be resolved or settled.

Deferred tax assets and liabilities are offset when they relate to income taxes levied by the same tax authority and the relevant entity intends to settle its current tax assets and liabilities on a net basis.

Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realized.

3.5 Earnings per share

The Company presents basic and diluted earnings per share ("EPS") data for its ordinary shares. The basic earnings per share is computed by dividing the net profit attributable to equity shareholders for the period by the weighted average number of equity shares outstanding during the year.

Diluted earnings per share is computed by dividing the net profit attributable to equity shareholders for the year relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share.

3.6 Property, plant and equipment (PPE)

Tangible assets and intangible assets

The initial cost of PPE comprises its purchase price, including import duties and non-refundable purchase taxes, and any directly attributable costs of bringing an asset to working condition and location for its intended use, including relevant borrowing costs and any expected costs of decommissioning, less accumulated depreciation and accumulated impairment losses, if any.

Expenditure incurred after the PPE have been put into operation, such as repairs and maintenance, are charged to the Statement of Profit and Loss in the period in which the costs are incurred.

If significant parts of an item of PPE have different useful lives, then they are accounted for as separate items (major components) of PPE.

Material items such as spare parts, stand-by equipment and service equipment are classified as PPE when they meet the definition of PPE as specified in Ind AS 16 – Property, Plant and Equipment. Expenditure during construction period (including financing cost related to borrowed funds for construction or acquisition of qualifying PPE) is included under Capital Work-in-Progress, and the same is allocated to the respective PPE on the completion of their construction.

3.7 Depreciation and amortisation

Depreciation is the systematic allocation of the depreciable amount of PPE over its useful life and is provided on a straight-line basis over the useful lives as prescribed in Schedule II to the Act or as per technical assessment.

Depreciable amount for PPE is the cost of PPE less its estimated residual value. The useful life of PPE is the period over which PPE is expected to be available for use by the Company, or the number of production or similar units expected to be obtained from the asset by the Company

The Company has componentised its PPE and has separately assessed the life of major components. In case of certain classes of PPE, the Company uses different useful lives than those prescribed in Schedule II to the Act. The useful lives have been assessed based on technical advice, taking into account the nature of the PPE and the estimated usage of the asset on the basis of management's best estimation of obtaining economic benefits from those classes of assets.

Such classes of assets and their estimated useful lives are as under:

Particulars	Useful life (years)
Buildings	30
Plant and machinery	15
Vehicles	8
Tools and spares	15
Furniture and fixtures	10
Computers	3
Office equipment	5
Electrical equipment	10
Intangible assets	5

Depreciation on additions is provided on a pro-rata basis from the month of installation or acquisition and in case of Projects from the date of commencement of commercial production. Depreciation on deductions/disposals is provided on a pro-rata basis up to the date of deduction/disposal.

3.8 Research and development

Expenditures on research activities undertaken with the prospect of gaining new scientific or technical knowledge and understanding are recognized in the statement of profit and loss when incurred.

Development activities involve a plan or design for the production of new or substantially improved products and processes. Development expenditures are capitalized only if development costs can be measured reliably; the product or process is technically and commercially feasible; future economic benefits are probable; and the Company intends to and has sufficient resources to complete development and to use or sell the asset.

Expenditure on research and development eligible for capitalization are carried as tangible assets under development where such assets are not yet ready for their intended use.

The expenditures to be capitalized include the cost of materials and other costs directly attributable to preparing the asset for its intended use. Other development expenditures are recognized as expense in the statement of profit and loss as incurred.

Tangible assets relating to products in development are subject to impairment testing at each reporting date. All other tangible assets are tested for impairment when there are indications that the carrying value may not be recoverable. All impairment losses are recognized immediately in the statement of profit and loss.

The amortization period and the amortization method for tangible assets with a finite useful life are reviewed at each reporting date.

3.9 Intangible assets

Intangible assets including software licenses of enduring nature and contractual rights acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortisation and accumulated impairment losses, if any. Cost comprises the purchase price and any directly attributable cost of bringing the asset to its working condition for its intended use.

Intangible assets with finite lives are amortized over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

Gains or losses arising upon derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the statement of profit and loss when the asset is disposed.

3.10 Inventories

Inventories are valued as follows:

- Raw materials, fuel, stores & spare parts and packing materials:

Valued at lower of cost and net realisable value (NRV). However, these items are considered to be realisable at cost, if the finished products, in which they will be used, are expected to be sold at or above cost. Cost is determined on weighted average basis.

- Work-in- progress (WIP), finished goods and stock-in-trade:

Valued at lower of cost and NRV. Cost of finished goods and WIP includes cost of raw materials, cost of conversion and other costs incurred in bringing the inventories to their present location and condition. Cost of inventories is computed on weighted average basis.

3.11 Cash and cash equivalents

Cash and cash equivalents in the Balance Sheet comprise cash at bank and in hand and short-term deposits with banks that are readily convertible into cash which are subject to insignificant risk of changes in value and are held for the purpose of meeting short-term cash commitments.

3.12 Impairment of financial and non financial assets

(i) Impairment of financial assets

Non-financial assets other than inventories, deferred tax asset and non-current asset classified as held for sale are reviewed at Balance sheet date to determine whether there is any indication of impairment. If any such indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset recoverable amount. The recoverable amount is higher of the asset's or Cash-Generating Unit' (CGU) fair value is less cost of disposal and its value in use. Recoverable amount is determined for individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or group of assets.

When carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

(ii) Impairment of non- financial assets:

In accordance with IND-AS 109, the Company applies expected credit loss ("ECL") model for measurement and recognition of impairment loss on the financial assets measured at amortized cost and debt instrument measured at FVOCI.

Loss allowances on receivable from customers are measured following the 'simplified approach' at an amount equal to the life time ECL, at each reporting date. In respect of other financial assets such as debt securities and bank balances, the loss allowance is measured at 12 month ECL only if there is no significant deterioration in the credit risk since initial recognition of the asset or asset is determined to have a low credit risk at the reporting date.

The Company has carried out annual review of impairment of fixed assets, based on the report of the technical executives it is observed there is no necessity for any impairment.

3.13 Employee benefits

Short-term employee benefits

Short-term employee benefits are expensed as the related service is provided. A liability is recognized for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

Defined contribution plans (like contribution to provident fund, ESI)

The Company's contributions to defined contribution plans are charged to the income statement as and when the services are received from the employees.

Defined benefit plan-Gratuity

The liability in respect of defined benefit plans and other post-employment benefits are calculated using the projected unit credit method using actuarial valuation. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows using interest rates of high-quality corporate bonds that are denominated in the currency in which the benefits will be paid, and that have terms to maturity approximating to the terms of the related defined benefit obligation. In countries where there is no deep market in such bonds, the market rates on government bonds are used. The current service cost of the defined benefit plan, recognized in the income statement in employee benefit expense, reflects the increase in the defined benefit obligation resulting from employee service in the current year, benefit changes, curtailments and settlements. Past service costs are recognized immediately in income. The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the income statement. Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are charged or credited to equity in other comprehensive income in the period in which they arise.

Termination benefits

Termination benefits are recognized as an expense when the Company is demonstrably committed, without realistic possibility of withdrawal, to a formal detailed plan to either terminate employment before the normal retirement date, or to provide termination benefits as a result of an offer made to encourage voluntary redundancy. Termination benefits for voluntary redundancies are recognized as an expense if the Company has made an offer encouraging voluntary redundancy, it is probable that the offer will be accepted, and the number of acceptances can be estimated reliably.

3.14 Provisions

A provision is recognized if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

3.15 Contingent liabilities and contingent assets

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Contingent assets are not recognised in the financial statements. However, contingent assets are assessed continually and if it is virtually certain that an inflow of economic benefits will arise, the asset and related income are recognised in the period in which the change occurs.

3.16 Financial instruments

a. Recognition and initial recognition

The Company recognizes financial assets and financial liabilities when it becomes a party to the contractual provisions of the instrument. All financial assets and liabilities are recognized at fair value on initial recognition, except for trade receivables which are initially measured at transaction price. Transaction costs that are directly attributable to the acquisition or issues of financial assets and financial liabilities that are not at fair value through profit or loss, are added to the fair value on initial recognition.

A financial asset or financial liability is initially measured at fair value plus, for an item not at fair value through profit and loss (FVTPL), transaction costs that are directly attributable to its acquisition or issue.

b. Classification and Subsequent measurement

Financial assets

On initial recognition, a financial asset is classified as measured at amortised cost;

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- the asset is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

All financial assets not classified as measured at amortised cost as described above are measured at FVTPL. On initial recognition, the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

Financial assets: Business model assessment

The Company makes an assessment of the objective of the business model in which a financial asset is held at a portfolio level because this best reflects the way the business is managed and information is provided to management. The information considered includes:

- the stated policies and objectives for the portfolio and the operation of those policies in practice. These include whether management's strategy focuses on earning contractual interest income, maintaining a particular interest rate profile, matching the duration of the financial assets to the duration of any related liabilities or expected cash outflows or realising cash flows through the sale of the assets;
- how the performance of the portfolio is evaluated and reported to the Company's management;
- the risks that affect the performance of the business model (and the financial assets held within that business model) and how those risks are managed;
- how managers of the business are compensated – e.g. whether compensation is based on the fair value of the assets managed or the contractual cash flows collected; and

3.17 Financial instruments

Transfers of financial assets to third parties in transactions that do not qualify for derecognition are not considered sales for this purpose, consistent with the Company's continuing recognition of the assets.

Financial assets that are held for trading or are managed and whose performance is evaluated on a fair value basis are measured at FVTPL.

Financial assets: Assessment whether contractual cash flows are solely payments of principal and interest

For the purposes of this assessment, 'principal' is defined as the fair value of the financial asset on initial recognition. 'Interest' is defined as consideration for the time value of money and for the credit risk associated with the principal amount outstanding during a particular period of time and for other basic lending risks and costs (e.g. liquidity risk and administrative costs), as well as a profit margin.

In assessing whether the contractual cash flows are solely payments of principal and interest, the Company considers the contractual terms of the instrument. This includes assessing whether the financial asset contains a contractual term that could change the timing or amount of contractual cash flows such that it would not meet this condition. In making this assessment, the Company considers:

- contingent events that would change the amount or timing of cash flows;
- terms that may adjust the contractual coupon rate, including variable interest rate features;
- prepayment and extension features; and
- terms that limit the Company's claim to cash flows from specified assets (e.g. non-recourse features).

A prepayment feature is consistent with the solely payments of principal and interest criterion if the prepayment amount substantially represents unpaid amounts of principal and interest on the principal amount outstanding, which may include reasonable additional compensation for early termination of the contract. Additionally, for a financial asset acquired at a significant discount or premium to its contractual par amount, a feature that permits or requires prepayment at an amount that substantially represents the contractual par amount plus accrued (but unpaid) contractual interest (which may also include reasonable additional compensation for early termination) is treated as consistent with this criterion if the fair value of the prepayment feature is insignificant at initial recognition.

Financial assets: Subsequent measurement and gains and losses

Financial assets at FVTPL: These assets are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in profit or loss.

Financial assets at amortised cost: These assets are subsequently measured at amortised cost using the effective interest method. The amortised cost is reduced by impairment losses. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain or loss on derecognition is recognised in profit or loss.

Financial liabilities: Classification, Subsequent measurement and gains and losses

Financial liabilities are classified as measured at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held- for- trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss.

c. Derecognition

Financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset.

If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

Financial liabilities

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled, or expire.

The Company also derecognises a financial liability when its terms are modified and the cash flows under the modified terms are substantially different. In this case, a new financial liability based on the modified terms is recognised at fair value. The difference between the carrying amount of the financial liability extinguished and the new financial liability with modified terms is recognised in profit and loss statement.

3.18 Recent pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On 31 March 2024, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2023, as below:

Ind AS 1- Presentation of financial statements: This amendment required the entities to disclose their material accounting policies rather than their significant accounting policies. The effective date for adoption of this amendment in annual periods beginning on or after 1 April 2024.

Ind AS 8- Accounting policies , changes in Accounting Estimates and Errors: This amendment has introduced a definition of "accounting estimates" and included amendments to Ind As 8 to help entities distinguish changes in accounting policies from changes in accounting estimates. The effective date for adoption of this amendment in annual periods beginning on or after 1 April 2024.

Ind AS 12- Income taxes: The amendment has narrowed the scope of the initial recognition exemption so that it does not apply to transactions that give rise to equal and offsetting temporary differences . The effective date for adoption of this amendment its annual periods beginning on or after 1 April 2024.

34 Segment information

Ind AS 108 “Operating Segment” (“Ind AS 108”) establishes standards for the way that public business enterprises report information about operating and geographical segments and related disclosures about products and services, geographic areas, and major customers. Based on the “management approach” as defined in Ind AS 108, Operating segments and geographical segments are to be reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker (CODM). The CODM evaluates the Company’s performance and allocates resources on overall basis. The Company’s sole operating segment is therefore ‘Electromechanical components and systems and allied components and services’ and the sole geographical segment is ‘India’. Accordingly, there are no additional disclosure to be provided under Ind AS 108, other than those already provided in the financial statements.

43 Financial risk management objectives and policies

The Company's principal financial liabilities comprise loans and borrowings, trade and other payables. The main purpose of these financial liabilities is to finance and support Company's operations. The Company's principal financial assets include inventory, trade and other receivables, cash and cash equivalents and refundable deposits that derive directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The Board of Director reviews and agrees policies for managing each of these risks, which are summarized below.

a) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises two types of risk: interest rate risk and other price risk, such as equity price risk and commodity/ real estate risk. Financial instruments affected by market risk include loans and borrowings and refundable deposits. The sensitivity analysis in the following sections relate to the position as at 31 March 2025 and 31 March 2024. The sensitivity analyses have been prepared on the basis that the amount of net debt and the ratio of fixed to floating interest rates of the debt. The analysis excludes the impact of movements in market variables on: the carrying values of gratuity and other post retirement obligations; provisions.

The sensitivity of the relevant profit or loss item is the effect of the assumed changes in respective market risks. This is based on the financial assets and financial liabilities held at 31 March 2025 and 31 March 2024.

Interest rate risk:

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term debt obligations with floating interest rates.

The Company manages its interest rate risk by having a balanced portfolio of fixed and variable rate loans and borrowings. The Company does not enter into any interest rate swaps.

Interest rate sensitivity:

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of loans and borrowings affected. With all other variables held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

Particulars	Increase/decrease in interest rate	Effect on profit before tax
31 March 2025		
Rupee	+1%	-
Rupee	-1%	-
31 March 2024		
Rupee	+1%	(0)
Rupee	-1%	0

b) Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The credit risk arises principally from its operating activities (primarily trade receivables) and from its investing activities, including deposits with banks and financial institutions and other financial instruments.

Credit risk is controlled by analysing credit limits and creditworthiness of customers on a continuous basis to whom credit has been granted after obtaining necessary approvals for credit. The collection from the trade receivables are monitored on a continuous basis by the receivables team.

The Company establishes an allowance for credit loss that represents its estimate of expected losses in respect of trade and other receivables based on the past and the recent collection trend and based on the analysis has not provided any provision for expected credit losses on trade receivables.

Credit risk on cash and cash equivalent is limited as the Company generally transacts with banks and financial institutions with high credit ratings assigned by international and domestic credit rating agencies.

c) Liquidity risk

The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of bank deposits and loans.

The table below summarises the maturity profile of the Company's financial liabilities based on contractual undiscounted payments:

Particulars	On demand	Less than 3 months	3 to 12 months	1 to 5 years	>5 years	Total
