

Hydraulic component supply

Sparrows is a specialist in the supply of hydraulic components. We can supply to your specifications or offer an engineered service to specify and set up components to suit your application.

DISTRIBUTOR AGREEMENTS

- Sales partner for Bosch Rexroth – leading manufacturer of hydraulic components, drive and control equipment
- MP Filtri – manufacturer of filtration and contamination monitoring equipment
- Webtec – manufacturer of hydraulic diagnostic and test equipment
- Parker - manufacturer of hydraulic pumps and motors

ENGINEERED SERVICE

With our in-house applications knowledge and experience we can also advise on the selection of the most appropriate components, control options and setup. We can select suitable components and supply them set for your application, avoiding lengthy and sometimes complicated on-site set up.

BUYING POWER & MANUFACTURERS

The buying power of Sparrows means that we can offer competitive prices for the supply of components from other equipment manufacturers, including:

- ASA Hydraulik
- CC Jensen
- Haskel
- Hydra-Perm Co
