SOME OF OUR REFERENCES AND TESTIMONIALS

I've used Randy and his company's services five times over the past eleven years. Back when he had his tax office in Sherman Oaks, and just recently for another corporation in 2025. I'll have him build the corporation up later and do the taxes as needed. He's the only company I trust for these types of important services. Dr. Minaj Gupta, Woodland Hills, CA

My wife and I utilized Randy's services several years back when we were improving our personal credit and getting ready to buy a home. I work for the city and have a small business on the side. Our scores were tanked, and we needed help. With Randy's assistance and due diligence back in 2018 before the pandemic began, he added five Authorized User tradelines to my reports and did a round of personal credit scrubbing, enabling my scores to increase by 150 points! We got the house which we are still living in today. Thank you, Randy! Now I need your help with

some back taxes and an Aged Corporation package. Charles Franklin, in Arkansas

“As always, you are the man!” Aged Corporation Client, Danni Youssef

From our bankers: “Your last four clients were all very pleased with the process so far.” All signed up and all approved. We’ve got a nice commission to send to you this Saturday.

I’m coming back to Randy after 15 years. He helped me back in 2009 with my back taxes and a corporation package. I flew from Texas to meet him in person, and he has accepted me back as a corporate client and I’m now also enrolled as an Affiliate. I go out of my way to seek out people I can trust and work with. I flew out to Los Angeles for two reasons, to meet a new Trucking partner and to meet Randy at his office and get a corporation package going and to get some assistance with funding.

Thanks Randy. Amanda Nguyen, in Texas

HEY Randy: I need a personal credit boost and three Authorized Tradelines. We worked together four years ago when you had your office in Beverly Hills, pre-pandemic. I always told you that if I never needed anything else, I’d come back to you. Please review my credit reports.

Coby Robinson, sports agent in Georgia

Hi Randy,

I am delighted to send you my signed application for Aged Corporation USA paid affiliate training and enrollment program. I have always admired your business knowledge and positive attitude. You are a dynamic person, and it will be an honor to work under your leadership. I want to be your representative here on the East Coast and I hope that one day you will see a team of professionals working under me.

Best regards,

Malik M Ali Awan

Randy, do you remember the Aged Corporation that you acquired for me two months ago? Well, I used my Secondary credit (CPN) file and was able to secure a \$9,000 corporate credit card already. How much would you charge me to add a second officer to the company with the Secretary of State, obtain a secondary EIN number and finish the buildup services that you started?

Ryan C. Maryland

I'm so glad we're finally working together again, after four years. I just had a good feeling. I'd like to order five aged corporations from you right now with build up services, extra tradelines and funding assistance. I'll pay you in cash.
