

SANTA CLARITA VALLEY QUILT GUILD

Our mission is to stimulate an interest in quilts, to promote and advance the art of quilt making, to conduct educational programs and services in the design techniques and preservation of quilts and quilt making; and to promote quilting in philanthropic endeavors.

PRESIDENT'S MESSAGE

In last month's newsletter we learned a bit about Civil War quilts...

In the decades following the Civil War, quilting expanded and democratized. Formerly enslaved southerners – almost one third of the population, were now free and could use and pass down the quilts they made within their own families. The quilts begin to survive. The fabric industry blossomed in both the North and the South, with locally produced fabric more widely available and affordable than ever before. With the invention of synthetic aniline dyes, new colors debuted, and cheaper fabric printing technologies allowed consumers access to a wider variety of choices. As more families were able to buy fabric and thus had more leftover bits and remnants, they started to piece quilts. The scrap quilt was born.

Though utilitarian quilting became much more prevalent in the years following the Civil War, fancywork did not die out. Red-and-green repeating-pattern appliqué continued to be popular, yet the scale of the patterns changed over time. Reverse appliqué appears for the first time circa 1880-1900. Colors like cheddar, teal and claret become popular.

A major fancywork trend emerged nationally in the final decades of the nineteenth century: crazy quilting. A renewed interest in the needlecraft traditions of early settlers, which emerged during the 1876 national centennial, and a Victorian fascination with orientalism together resulted in a new, purely decorative type of quilting. Crazy quilts featured irregularly shaped bits of fabric—often expensive silks and velvets—stitched together asymmetrically. Frequently makers embellished the seams with fancy herringbone and feather stitches and embroidered or painted decorative motifs like birds, flowers, insects, pagodas, and fans onto their quilt tops. Women who could afford to do so eagerly adopted the style.

I hope you continue to find these little historical blurbs enjoyable...next month, we'll turn the corner on the 20th century!

Keep Quilting!

PROGRAMS

Our April general meeting will again be on Zoom. Send photos of your recent projects to Patti Voyles or Marcia Dains to be included in the Show and Share. As part of the programs update at the April 8 meeting, I plan to do a short presentation about the Sew Powerful program in Zambia and talk about a free all day workshop/retreat scheduled for May.

In addition, since our March meeting was such a success sewing together and learning a new way to make flying geese and trim them to perfection, we will be doing another sew-along at our April meeting, so bring your laptop, tablet, or phone to your sewing machine.

Melissa Nilsen will share how to make half square triangles, and we'll all sew together to make a Bordered Monkey Wrench block, the April block of the Month. Be sure to swing by Carol Carter's house to pick up a BOTM kit to have the supplies needed for the project. If you need a kit delivered to you, send an email to Melissa Nilsen.

In May, we're hoping to have a drive-through meeting, but are still working on a location. The FREE Sew Powerful virtual retreat will be on May 15th.

The June meeting will be on Zoom, with Sue Bennorth giving an introduction to Stack n Whack quilts and giving advice on how to choose fabric. She'll be leading a Stack n Whack workshop on Zoom on Saturday, June 19th. Also, we'll have our fabric sale at Joyce Wilkson's house on Saturday, June 12th.

APRIL MEETING - SHOW AND SHARE – SEND YOUR PHOTOS!

Looking forward to this month's contributions from everyone. Please send them to Patti Voyles or Marcia Dains by **Sunday, April 4th** using email or text. Remember to include information about the project. If it is for special guild or mini-group events, let us know so we can group them!

FLYING GESE CHALLENGE

Hey, quilters, so now you're all experts at 4-at-a-time flying geese, thanks to BOTM ladies Linda and Melissa! Hope you all got to see the March meeting tutorial or at least were able to do one or two of their 4 Patch Diamond BOTM blocks. If not, the March 2021 pattern is on the website: <https://scvquiltguild.org/block-of-the-month>

Well, let's put that skill to use by joining in on a Flying Geese challenge! You can make yourself a table topper, wall hanging, or even something to donate to community service (like

a shawl, 30" x 65"). Come to the April meeting to see a brief slideshow for ideas and more information (and on the Guild website afterwards). The projects are planned to be displayed the following month at our drive-through meeting. Voting and prizes will also happen ...gonna be fun!

SEW POWERFUL PURSE PROJECT

Last year, we had excellent guild support for making masks for the Navajo Nation. This year, we would like our guild to participate in the Sew Powerful Purse Project.

Sew Powerful's mission is to combat extreme poverty in the Ngombe Compound in Lusaka, Zambia by providing re-usable feminine hygiene supplies for the girls to be able to attend school all month.

We will be making colorful purses to hold their supplies. We will have a **FREE** zoom workshop/retreat on May 15th, so mark your calendars. (This will be a fun day with snacks, bingo, and prizes. Doryce Fitzgerald will be our teacher.) IF YOU DO NOT zoom, you can still participate because all the "how to" information and pattern is available on the Sew Powerful website <https://sewpowerful.org>. All fabric and additional items required to make the purse will be included for participants. Kits will be available at Kris Dolan's house.

If you choose to use your own materials, please note that the yardage in the pattern is excessive because they suggest making straps from the cotton fabric. We plan to use webbing for the straps instead. All you need for the purse is 1/2 yard for the outer and 1/3 yard for the inner, plus 1/2 yard of medium weight interfacing (recommended Pellon 101 or comparable woven interfacing).

This is a great project for the hot summer months. There will be more information in May's newsletter and emails.

IFFI CHALLENGE

It is official, we have 13 great quilters who are going to finish up those projects this year. Two lucky quilters will share the \$130 pot! Do not forget to send me your finished project pictures...text or email. I will then put your name in the pot for our December meeting drawing.

Happy Quilting!

COMMUNITY SERVICE

Welcome to Spring, fellow quilters! Those of us who have been meeting in Central Park every other Friday with the Quilters in the Park group have enjoyed Show and Share, and we have received lovely quilts for The Painted Turtle Camp as well as Veteran quilts. Making these quilts is a wonderful way to practice free motion quilting as well as ruler techniques.

At Quilters in the Park, we are able pick up BOTM kits, bring your lunch or snack and enjoy visiting with fellow quilters. The weather has been quite nice. Watch for the upcoming Flying Geese challenge that can serve as a donation to the Senior Center. Also watch for the upcoming Saturday retreat involving sewing purses for donation to girls in Africa via Quilty Pleasures in Simi Valley to support the sewpowerful.org organization. Thank you all for your participation.

COMMUNITY SERVICE – GUIDE DOGS OF AMERICA

The Guide Dog Quilt will be finished and delivered to the GDA by our own Karen Warloe along with the auction quilt made from left over blocks from the 2019 quilt. Thanks again to all the members who contributed blocks, assisted in the assembly and to Sue Handley for quilting and binding it.

BLOCK OF THE MONTH

At the board meeting in March, it was decided that we would do another BOTM tutorial for the April meeting! Melissa did a great job presenting the March block and those who participated enjoyed it as well as learning the “4-at-a-time flying geese” technique and several other quilting tips.

I have made a new block for April called “Bordered Monkey Wrench Block” which you can find on our website as well as at the end of this newsletter. Melissa will be presenting it at the April 8th zoom guild meeting and we hope to see many of you there and sewing along with us.

I invite you to make this block along with a second Star block, which is actually just a “revised” form of the March block where you again make the 4 flying geese blocks but arrange them into star points and only use 2 fabrics. I have noted the directions and cutting at the end of this April pattern sheet and provided you with diagrams. Additionally, I will have new fabric kits available as usual at Carol Carter’s house which will each contain the cut fabrics for the new block and the star block also. We hope you will pick some up and join us to sew together the kits or your own fabrics so we can make more quilts for the veterans.

Additionally, I have put together several quilt top kits that need to be sewn together into quilts. If you are able to help sew one, we would be happy to bring it to you if you would just call or text, or pick one up at Carol’s.

Call if you have any questions. Our phone numbers are in the directory. THANKS so much for your sewing support! 😊

(My numbers are in the directory.)

APRIL BLOCK OF THE MONTH – BORDERED MONKEY WRENCH

Bordered Monkey Wrench - April 2021 Block of the Month

Block size – 12" finished. Your block should be 12.5" unfinished.

Blocks will be used to make quilts for our veterans!

For each block you will need:

Fabric/Color	Cut Size	Quantity
Blue or Red (corner squares)	3.5" x 3.5"	4
Blue or Red (center square)	2.5" x 2.5"	1
Blue or Red (for HSTs)	3" x 3"	2
Background: cream or white (rectangles)	3.5" x 6.5"	4
" (squares)	2.5" x 2.5"	4
" (for HSTs)	3" x 3"	2

Create the Monkey Wrench center block:

Step 1: Draw a line from corner to corner on the backs of the background 3"x3" squares.

STEP 2: With right sides together, layer these squares onto the 3" colored squares and sew a 1/4" seam on both sides of the drawn line. You are making Half Square Triangles (HSTs).

STEP 3: Cut on the drawn line and press each HST to the dark side.

TRIM squares to measure 2.5"x 2.5". Make 4.

STEP 4: Referring to the diagram, layout and stitch 3 rows using the 4 background 2.5" squares, the 4 HSTs you just made, and the colored center 2.5" square. Press seams to the dark fabrics.

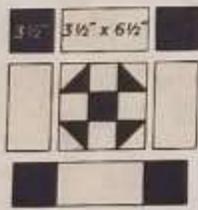

STEP 5: Now stitch the 3 rows together to complete the Monkey Wrench block.

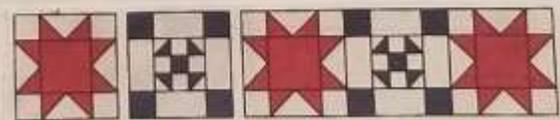

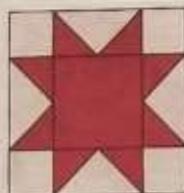

To complete the "border" for the final block:

STEP 6: Follow the next diagram to sew the top, middle and bottom rows using the 3.5" x 6.5" rectangles and the 3.5" colored corner squares. Press to the dark fabrics so that the 3 rows will nest together, then stitch the 3 rows together. Measure the block to 12.5" x 12.5" as the unfinished size.

This block will make a great quilt if we revise the March Four Patch Diamond into a Star block and alternate it with this Bordered Monkey Wrench!

To make the Star, use cream or white background fabric for 4 – 3.5"x3.5" corners and 1 – 7.75"x7.75" piece and cut the colored star fabric into 1 – 6.5"x6.5" center and 4 -4.25"x4.25" squares as star points. Make the "4-at-a-time Flying Geese" as before but place turn the points out to make the star when sewing together!

Bordered Monkey Wrench

Sawtooth Star

Thank you for helping! These blocks will be used to make bed (60" x 80") or lap (40" x 48") quilts for CAL Vets.
