Kris Dolan

Joan Anderson

This quilt is the quilt from hell. I used wool batting as well as minke on the back. It was soooo very heavy I had a very hard time quilting it.

These pictures are from
lap quilt for the vets. I
worked on my spirals.

Jean Carter

4 of 4 seasons -- Christmas bench pillow. I created the houses and trees from internet ideas. Light posts were Kimberbell designs.

Jean Carter

Paper pieced flowers that started out to be nine for a wall hanging. After four I measured and found I had a pillow! The flowers are made from scraps picked by color. It was a free pattern.

Melissa Nilsen

I purchased this kit in Berlin, Ohio from an Amish quilt shop. My friend's daughter is having a baby and when I saw the panel, I couldn't resist.

Made this for my sister. At her condo in the Sierras, hundreds of hummingbirds fly over from Canada to Mexico each summer. This was a project from Embroidery Library made on my Bernina.

Quilt made by Kathy Butler
and quilted by Joan Anderson
for SCV Pregnancy Center

I made this quilt for Noreen, my daughter's sister-in-law in December and January. Focusing on sewing a big hug helped during our lockdown. I used the Starry Night pattern for the front. I enjoyed figuring out how to use the remainder of the fabric for the back. Patty Vergon did the beautiful quilting. It is a white background with various blues in spite of the off tint photo.
