

The Ohio Broncos **Player Contract 2026**

*This form is intended to make team expectations clear for players with the **Ohio Broncos** Organization. It will include expectations and general information about the season.*

Playing football for the **Ohio Broncos** will be a privilege that requires dedication, commitment, and sacrifice. We ask all players to be “all-in” when participating in team events, practices, workouts, and games. There will be time sacrifices to be a part of this team. The staff, teammates, as well as fans, expect a “team first” attitude from players and staff alike.

1. Eligibility

- a. All players will be evaluated at tryouts as the first step towards making the **Ohio Broncos** roster.
- b. All players will be responsible to pay their team fee of \$150 by the date provided by team ownership. \$50 of that fee will go towards the purchase of one set of uniforms that will be kept by players. All other sets of uniforms or team property shall be returned after every game or the player will be held financially responsible for missing uniforms.

2. Practice

- a. Practices are crucial to team success and your attendance may account towards your role on the team (playing time/ reps etc.). We understand that life can make that difficult. The **Ohio Broncos** will always hold family, work, and school above football and understands that those commitments hold priority over football. While practices are not mandatory (unless otherwise stated), it is strongly suggested you attend all practices. If you cannot attend a practice, contact your position coach or coordinator to ensure they will be prepared to function without you.
- b. It is solely the player’s responsibility to ensure that they have the proper equipment to participate in practices and games.

3. Games

- a. It is the player's responsibility to have their uniforms and gear for games unless otherwise stated or provided by the staff.
- b. All game information will be provided by a flier on the team's Facebook page.
- c. No one is guaranteed playing time or a set number of plays/ reps. Coaches will make the best decisions they can to win games.
- d. Your behavior on the sidelines directly impacts team morale and fan attendance. If your actions or behavior directly affect the team's ability to have fans in attendance and limit the exposure of your teammates or the organization, then you may be subject to suspension. This is also in effect for fans that you bring to the games.

4. Ohio Broncos Culture

- a. When you are at ANY **Ohio Broncos** event you represent absolutely nothing other than yourself and the **Ohio Broncos**. No other affiliations matter when on **Ohio Broncos** time.
- b. Your portrayal on social media can alter the opinions on you and your team. Please keep that in mind when posting; you never know if it's a scout or fan looking at your social media. Players are asked to conduct themselves in a mature and professional manner when interacting publicly on social media.

*By signing this document you are stating that you have fully read the above information and understand what is expected of you as a member of the **Ohio Broncos** Organization.*
