Company Introduction

LumiQuick Diagnostics Inc., located in the heart of Silicon Valley, California USA, develops, manufactures and markets high quality point of care tests and other immunoassay kits for the world-wide In vitro diagnostic market.

Through years of continuous and diligent efforts, we are proud to offer extensive product lines of rapid tests, ELISA, CLIA, Real Time PCR and reagent components. These product lines provide the immunoassays in various formats to detect infectious diseases, cardiac markers, cancer markers, drugs of abuse, fertility hormones and other disease markers.

Commitment with Quality

LumiQuick’s products are manufactured per current Good Manufacturing Practices (cGMP) and ISO 13485.

Our mission is to provide the high quality products with affordable cost to help people around the world to fight human diseases and illicit substance abuse. We are committed to providing exceptional quality, customer service and cost saving to every customer.

We appreciate very much your interests in our products and look forward to be your partner for better healthcare.
