June Club Event

Jun 8th –Tour of the Tucson Auto Museum & Lunch at the Three Canyon Beer & Wine Garden.

Thanks to Tony for organizing this great tour with the Tucson Auto Museum's newest location nestled just a few miles from the scenic Sabino Canyon Recreation Area. The group of 26 members & family was split into 2 groups for private tour. The TA Museum is a gem for anyone who appreciates classic and rare automobiles. The museum showcases over 70 meticulously restored vehicles, including a Model T, 1929 Duesenberg Model J, and a one-of-a-kind 1948 Kurtis-Omohundro Comet. We also browsed among vehicles filmed in such movies as Batman, Charlie's Angle's and Mannix.

Local Car Shows attended by Gary Smith & Dave White

If you're into classic rides, chrome, and a bit of Wild West flair, Holbrook, AZ was all rived up for the **Gunslinger Car Show** on **May 31st, 2025**, as part of the annual *Old West Fest on Route 66*. The event will take place along Hopi Drive and includes a full day of festivities like a street fair, chili cook-off, cornhole tournament, and more. Two of the club members Gary Smith and Dave White drove their classics up to Holbrook.

June 15th - Pantano Christian Church 8th Annual Car Show

Dave White and Gary Smith attended the eighth annual Father's Day car show at the Pantano Christian Church on Houghton and Old Spanish Trail, lots & lots of great cars and probably about three hundred spectators from the church throughout three different services. Downside it's was extremely hot 110 degrees! Upside, they did give us a \$8 dollar coupon for breakfast so that's always a plus!

Bitchin' Rides at the LA
Classic Car Show...

Jacqueline was born in Cuba and came to the USA in 1968 with her parents and one older brother to get away from communism. I was born in Guatemala and came to the USA in 1976 with my older brother and two sisters six months after a 7.5 earthquake destroyed a large part of the country. Jackie and I crossed our paths when we started having a few classes together at Bell High School and fell in love in our senior year in 1980. We both graduated HS, went to college and as soon as I received my Certificate in Machine Shop Technology and AA degree, I asked her to marry me (that is a funny story for some other time). We married on May 7th, 1983 and will celebrate our 42nd anniversary this year. We have two great kids (ages 40 & 38), and three grand pups.

My love for cars actually started when I was a kid, looking at beautiful American and European cars in Guatemala. As an example, the owner of the house where we lived had a 1967 Plymouth Belvedere and a 1964 Buick Wildcat. When I was 16 years old, I got my driver's license. I had started working part time in a small auto shop to learn auto mechanics and to save money for my first car. My brother's first car was a 1967 Caprice 2-door and then upgraded to a white 1971 Camaro RS with a split-bumper, a 350 V-8 and automatic tranny. Those two cars were the ones I tinkered with and learned to do tune-ups, brakes, etc. and practiced driving sometimes to get to school. One day in October of 1979, one of my step father's friends offered him an old car as payment for painting his 1967 Chevelle Malibu. The car offered was a 1956 Chevy Bel Air, 4-door, with a 283 V-8 motor and Powerglide transmission. It was really a rust bucket... a BIG project that I was all too happy to undertake. I paid my step father \$300 for it. It was so bad that Jackie called it the Flintstone's car because you could see the ground when you sat inside the car as the floors were rusted through. I had my work cut out for me, but I enjoyed every step of the way to bring that car back to life. The engine and transmission were rebuilt, repaired all the rust damaged floor with new sheet metal riveted and sealed in place, installed new upholstery including the headliner, carpet, seats, side panels, and package tray. Found a nice set of Rally wheels and got new tires. Replaced the front and rear bumpers for nicer ones I found in a junkyard (had to keep expenses to the minimum) and installed a stereo with 8-track, equalizer and about 8 speakers. I remember listening to the cassette soundtrack from the movie Grease.... It sounded so good!!! After all that was done, I sanded the car and applied brown primer with my step father on December 31st 1980. That made a great difference in how the car looked. It was a decent daily driver now. Eventually we painted the car in two-tone burgundy and ivory white to match the interior upholstery. Had it about two years and when it develops transmission problems, I sold it for \$1,500 and upgraded to a 1976 Cadillac Seville. Loved that Seville's style and performance. Went from a former rust bucket to a top luxury car and learned to appreciate those older Cadillacs as I owned three other Sevilles later on and a 1985 Eldorado Biarritz.

In 1995 we made the decision to move from LA to Tucson. Jackie and I were both able to graduate from the University of Arizona in 2000/2001 and both obtained our BS degree. I was soon promoted to Shift Supervisor and later to Continuous Improvement Manager while working for Parker Hannifin in Tucson. In June of 2009, Parker made an acquisition in Gardena, CA and asked me to transfer there to help them in the transition process. We had just finished building our dream home in Vail, AZ in 2007 after selling a really nice 1975 Caprice Classic with a custom paint job to help with the building costs. Long story short, we moved back to CA and stayed there until the end of October 2019 when we decided to start our early retirement plan and returned to Tucson. In 2021, I saw a CL ad for a 1972 Pontiac Lemans in Cave Creek. We took a drive to go check it out and decided to buy it as a project. It had the original exterior paint and interior upholstery, but needed restoration. We had the interior and vinyl top done complete and a new exterior paint in Natural Khaki green. Had the two bumpers re-chromed, a set of new tires, stereo system, alarm, power door locks, and complete front suspension and shocks upgraded. The 350 engine and TH350 transmission had been rebuilt 6 years earlier by the previous owner. We were ready to go cruising! Joining the CCCT has been fun for us as we have met lots of great people and can participate in their monthly activities and car shows in and near Tucson. We look forward to making more great memories with our family and new club member friends who live in this great city. Cheers... happy & safe travels!!!

Good ole deals from back in the day

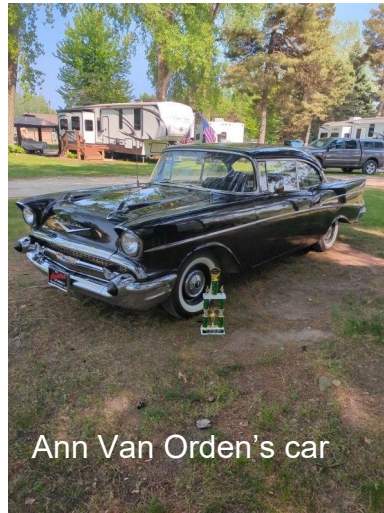

Several classic Chevy club members attended a Memorial Day car show at Saddlebrooke on May 24, 2025. It was a beautiful sunny day, registration was only \$15 dollars which included a really good hotdog, chips and a soda or beer! What a great mix of various cars, everything from a Ferrari to Corvettes and everything in between. Just guessing I'd say there was over 60 cars and 9 Classic Car Club members in attendance. Music, food, cars and a nice sunny Arizona day makes for a great combination!

OUR MISSION STATEMENT

To have a good time while loving, restoring and preserving the Classic Chevrolet and other GM vehicles through 1987

**THE ACTIVE MEMBER**

Are you an active member? The kind that would be missed, or are you just contented that your name is on the list. Do you attend the meetings and mingle with the flock, or do you stay home and criticize and knock? Do you take an active part to help the work along, or are you satisfied to be the kind that "just belong?". Do you ever go to visit a member who is sick, or leave the work to just a few and talk about the clique? There's quite a program scheduled that I'm sure you've heard about. And we'll appreciate it if you'll come and help us out. So come to the meetings often and help us with work and hearts. Don't be just a member, but take an active part. Think this over member:

You know right from wrong.

Are you an ACTIVE member or do YOU just belong?

While sitting, lift your right foot and make clockwise circles. While doing that, draw the number 6 in the air with your right hand. Your foot will turn the other way.
