

F = Flower | D = Dragon (watch the suits!) | NEWS = Winds - north, east, west, south

*Italicized groupings* = singles & pairs... *never, ever* use jokers in singles or pairs, and you may ONLY *call* for singles and pairs if it is your last tile to achieve mahjong!

The colors indicate how many different suits are in a run.

White Dragon = Dots | Red Dragon = Cracks | Green Dragon = Bams
