ARMHS Specific Transportation Waiver

ARMHS is a service that is provided in the community, and therefore you may decide to utilize various means of transportation including public and private transport. Transportation is NOT an ARMHS service, and you assume all of the risk of any transportation you arrange while in an ARMHS session with a Chime Mental Health Services staff member, including getting to your destination safely. Under no circumstances shall the agency be liable for damages from any transportation you utilize during the provision of ARMHS by a Chime Mental Health Services staff member.

If you receive transportation from a staff member of CMHS, the staff member is doing so on their own will and not at CMHS's direction.
