Jilly Meets a Wood Tick

Today we meet Jilly and formally discover the whereabouts of her now diminishing energy. Jilly is well known for being very upbeat and generous to those which know her best. She could be considered a successful peach, always sharing and caring for those which match her vibrate color. However, Jilly's protective peach fuzz was not enough to keep a slow-moving wood tick; out of her basket of delightful sacral energy. Let's further examine, to aid Jilly in repairing and connecting herself; to our conscious cosmos of divine and vibrational energy. The very source that supplies the fundamental arithmetic for Jilly's upbeat rhythm and overall health, which she loves to share and energize with her equal peers.

First, we need to understand the wood tick; this slow-moving creature of energy subtraction, works its sinister deterioration almost undetected; it commonly clings to the unwanted and becomes later unshakable, filling itself of undeserved energy; our spiritual worlds currency and Jilly's vital life source; of optimal spiritual health and productivity.

Jilly is not silly, but this is one of her first interactions with an unworthy bloodsucker. This evil wood tick also has a religious name; Daniel. Daniel, is currently identified as Jilly's knew boyfriend, which has been considerably unresearched. Daniel affectionately pretended to be a so called "*gentlemen*". Daniel was a sinister pretender, and becoming professionally identified was not on his "*to do list*"; Unfortunately for Jilly, her third eye is not open and connected to "*OUR CONSCIOUSNESS*". Her two eyes, which only see our physical world and not spiritual energy, allowed for her false attraction towards this culprit of material fantasy, extorted energy, and a horrendous past full of spiritual carnage.

Jilly never previously thought to research Daniels ex partners, and see if he had committed what is known as a major error; an error which will disrupt and deteriorate not only Jilly's energy, but all of her surroundings. This sinister energy subtraction, will affect her in ways only known to our spiritual universe and the collective consciousness. Jilly should have seen it coming; knowing the creatures very nature, but Daniel made slow moves to comfort and distort Jilly's once vibrant energy. After slow seduction, he would often scratch and awaken Jilly's unconscious sacral basket; with one of his evil and lawless claws.

"Yin and yang, male and female, strong and weak, rigid and tender, heaven and earth, light and darkness, thunder and lightning, cold and warmth, good and evil...the interplay of opposite principles constitutes the universe."— Confucius
