Through professional interpretation and education, we officially begin our planets long desired transformation into a divine spiritual paradise. The historically profound question of spiritually connecting has enticed different religions across our planet for centuries; this ability indeed, has a defined answer*. Humanities ultimate spiritual perfection, design and concept has been widely sought by researchers and philosophers throughout our time.

"We are not human beings having a spiritual experience. We are spiritual beings having a human experience". Pierre Teilhard de Chardin.

Let's explore and understand the concept of spiritually connecting to our universe. Is it accomplished through meditation or prayer? Will practicing kundalini or yoga help me connect? How can I tell if I am spiritually connected? How do I stay connected to our universe? I will answer all of these questions and many more to guide you along your celestial journey and path to becoming the supernatural spiritual being which the universe has long desired for you. Let's discover the truth about the Spiritual Religion and how everyone on our planet encompasses a portion of problematic or positive contributions which directly will be linked to your time sensitive intertwined ability of your spiritual connection possibility.

First let's understand some basic religious aspects of different cultures and groups from around the globe. Currently our planet is comprised of 4 main religious entities known as Christianity, Islam, Hinduism, Buddhism, along with several smaller adverse groups. The importance of understanding the similarities and common characteristics of each religion is fascinatingly valuable. A proportionate amount of research will prove that the majority of teachings and principles of these different religions all commonly share the same technical laws and features of the Spiritual Religion. These religious laws and practices coexist inside historic scriptures and are often interpreted from books such as the Quran and the Holy Bible. Many religions and cultures simply use different names and terminology to identify the Alpha and Omega responsible for our creation such as "GOD", "THE CREATOR", "ALLAH". Evidently, properly translated and modernly understood Spirituality becomes a unified Religion above all, which I will undisputedly prove with factual evidence. Potentially mistaken by misinterpretation or outdated context, scripted historic religious disputes should be conversely recognized for peaceful resolve. Your better understanding of Spirituality will lead to your personal and future revolution of unified peace and equality with a 21st century perspective and perception.

Your personal study and practice of these logical laws will amplify your spiritual consciousness, and discovery of your unique importance to our universe's infinite genesis of death, reincarnation, and rebirth.

The Law of Divine Oneness: Unveiling the Cosmic Connection

“At its core, the Law of Divine Oneness posits that all things are interconnected, forming an inseparable web of existence. It implies that every action, thought, or energy emitted into the universe reverberates through this cosmic tapestry, affecting the whole”.

After your comprehension of these natural laws your neutral ability to spiritually connect to our planet will become more conspicuous to those foreseeably aware of the relevance. My personal discovery and story of spiritually connecting came through the conscious awareness of these laws and perception of Christian values. Your individual account including the history of previous resource consumption, and accumulation of various errors will be necessary to understand your individual process and the associated time expenditure behind your connection capability.

THE SPIRITUAL CONNECTION PROCESS

The identification and procedure of this unique process has been self-discovered by myself through constructive means and positive efforts. I now share my profound spiritual discovery with others to converse this intelligence into a supernatural reality and planet wide conversion. Historically scripted, inscribed, and fathomed by ancient cultures, this infinite process to my knowledge has never been formally discovered and available for modern allocation. Consider your discovery of this intelligence to be imperial to your personal, and countries transformation into peaceful harmony and imperishable paradise.

Before you can fully comprehend the physical and mental process of spiritually connecting it is advised you educate yourself on some of the esoteric theology of the Spiritual realm.

If you want to find the secrets of the universe, think in terms of energy, frequency and vibration - Nikola Tesla

Your ability to decipher amongst possible human capabilities, and the current materialistic reality in which most of modern society live in, will be beneficial to your adherence and adaptation into a spiritual environment which promotes self-sufficiency and peace.

The "Law of Vibration" is a concept from the field of metaphysics, which suggests that everything in the universe is made up of energy and vibrates at a certain frequency. According to this law, the energy and frequency at which something vibrates determines its form and characteristics.

*** The timely procedure and process of formally Spiritually Connecting is strictly known as a correctional performance and repayment on behalf of your individual account and accord.** This account is specific to your consumption of resources and properties taken from the planet and used for your individual affairs. Under the same manner in which you depleted the planet of its functional resources you need to correspondingly repay it. This mindful energy wise strategy is going to reverberate and return your energy from previous consumption back into the planet, which successively will appropriately tether and connect you to its current operational frequency and vibrational wavelength. Not only does this process Spiritually Connect you to our infinite universe, but also it is what keeps our planet proficiently functioning and sustainable for our species. Simplified this is the universes collective blueprint to unify all its habitants into a systematic structure of self-sustaining equilibrium.

Our universe's unforgetting mechanism has record of each specific individuals necessary requirements. This system subsequently cannot be deceived or neglected; it is strictly based off the factual truth. It is imperishably etched behind your specific character.

HOW CAN I TELL IF I AM SPIRITUALLY CONNECTED

Ironically and through your own individual examination you may be able to previously understand that you had been spiritually connected, and unfortunately not known exactly what you had harmoniously achieved. Your energy and creativity would have been optimal to your peers and other times inside your lifetime. The allure and intelligence of your six senses would have given you a supernatural state of feeling and awareness. But specifically, you may remember having frequent conscious Déjà vu occurrences. These

past tense occurrences would have been the universe subjectively reminding or signaling yourself towards your pathway and spiritual trajectory through conscious intuition. If you can relate to this angelic sentiment and state of being it is more than likely possible you were indeed previously Spiritually Connected at one point in your life. The possibilities of how you lost your connection can indeterminately range from an assortment of errors to which you may have committed or participated in. The universe will justifiably detach from yourself if you are not obedient to its laws and consequently affecting the vibrational polarity of your surroundings, and equivalently your human and animal companions.

What is the universal rule of karma?

The word 'karma' literally means action. It is 'doing', not thinking. However, when we talk about karma, we normally allude to the Law of Karma, the Law of Action and Reaction. According to this law, every action of ours is recorded and rewarded either through the good, or evil that our action has caused.

Threw improved understanding of the Law of Karma and its various positive or negative affects you have on your organic surroundings, your ability to regain or acquire your spiritual connection ability will become more logical. Every negative action you portray will have a vibrational consequence. For example, if you were to purposely trip one of your teammates during a gym exercise and subsequently, they broke their ankle, you would potentially become responsible for a permanent injury which would affect and lower their vibrational resonance, along with your entire team and every living thing attached to them.

To certainly recognize that you have completed your individual repayment process and are positively spiritually connected will be through understanding how music and sounds playing at a natural unaffected frequency, will correspond with your thoughts and actions. This ability and distinctive spiritual trait will currently be one of the most elementary ways to realize your achievement. Considering the interconnectedness and revolutionary design of our planet, it will not matter where you are situated on the globe or the potential unfashionable surroundings. Succeeding your completion the music in any language, genre, or decibel, spontaneously and synonymatically plays to your physical and mental actions. For example, if you were writing a poem with the music playing at random in the background, you would begin to notice how the lyrics and phraseology of the melody is in ordinance to what you are thinking and writing. This is only possible as your current state of frequency is uniquely performing in perfection with the ambient music in similar uniform amplitude. The uniqueness behind this attribute needs to be experienced to fully admire.

“Music gives a soul to the universe, wings to the mind, flight to the imagination, and life to everything.” — Plato
