

THANK YOU

Thank You Members and Donors

Black Diamond Foundation May 2019 Update

Status of Fundraising Efforts

Your Black Diamond Foundation raises funds to support local charities in two ways. One is the annual Black Diamond foundation golf tournament that raised \$ 35K last November. The second and primary source of funding is direct donations from members of the Black Diamond community. Since distribution of our annual report in early March, we have received \$28K in donations from 44 Black Diamond residents. The remainder of our funding will come from additional direct donations throughout the year. In 2018, we were able to donate \$148,675 to area organizations with the support of 150 members from our community. A huge thank you to all of our members who continue to generously support the Black Diamond Foundation. For those of you who have not yet contributed, it is never too late to support the Foundation in our efforts to be good neighbors and make a difference for our fellow Citrus County citizens.

Welcome New Foundation Board Members

We have recently added Roger Obenauf and Lisa Honnold as new members to the Foundation Board. Both are active in the Black Diamond community and bring a wealth of experience that will strengthen our board for the future.

Golf Tournament

We have moved the date for the foundation golf tournament to January 20, 2020. A review of the tournament last November determined that a principal cause of the low participation was the early date. A number of our members are still not settled at Black Diamond until after the first of the year, often returning north for the holidays after opening for the season. We understand that we are adding some risk for bad weather but the hope is that greater participation will result in more funds for the Foundation. The new date should allow for participation of Professionals from our northern clubs that are in the area for the PGA show. It is not too early to invite your friends and summer pro!
