

THANK YOU

Thank You Members and Donors

Black Diamond Foundation May 2021 Update

As of this writing, 59% of U.S. adults have received at least one vaccine dose and the vaccine supply now exceeds demand in many locations. Vaccines have been approved for children age 12 and up. The U.S. economy continues to reopen. Yet, Citrus County unemployment was still above 6% in the latest statistics. Poverty continues outside the gates of Black Diamond.

Thank you Black Diamond community for stepping up and contributing nearly \$90,000 thus far in 2021. Your donations have allowed the Foundation to support the following charities year to date:

Citrus County Education Foundation

Family Resource Center

Community Food Bank

Daystar Life Center

NCM - Dental Clinic

St Anne's Food Pantry

SOS Food Pantry

Take Stock in Children

The Path of Citrus County

Boys & Girls Clubs of Citrus Co.

More charities will be supported in our fall cycle.

For those heading north, travel safely
