21 Years and Still Going

## Black Diamond Foundation November 2023 Update

We've had a beautiful November and many of our snowbirds have returned. The Foundation Board had its first meeting of the fall on November 6th. The board was updated on several area charities and heard a presentation from Pat Lancaster on behalf of Take Stock in Children. Take Stock provides mentoring and college scholarships to Citrus County students from low income families. BDF awarded \$9,200 to Take Stock in Children.
