BK STUDENT UNION

JOIN IN WITH THE BK FAMILY TO REACH OUR PROJECT GOAL!

We are currently at 80% of our funding goal for the exciting and innovative student union project. This project completely revitalizes the original BK library into a best-in-class student union space that provides our students with space to study, socialize, lounge, and connect with their peers!

The student union will include study spaces both public and private, media walls for education and entertainment, lounge areas to relax and engage with fellow BK students.
