

WRITTEN BY DAVID CARTER

When Charles N. White founded White Construction in Clarksdale, Mississippi, in 1971, he understood that the best way to achieve his clients' goals was by sharing their vision of success, not just in terms of the final product but at every single stage of the process. White Construction has a broad and deep range of experience as a full-service construction manager and general contractor, offering a full range of construction services, including preconstruction and construction management. With more than 50 years in business, the company is adept at a wide range of building types. The family-owned firm has been managed by the founder's sons Neel White, Chairman, and Guy White, CEO, continuously since 1981.

OUR CORE PURPOSE & VALUES

When you partner with White Construction, you join forces with a stable, highly respected team of professionals built on a foundation of Building Success Together. Our culture thrives on a set of core values, including:

- Safety – Unwavering commitment to the safety of everyone
- Leadership – Inspiring others by setting a good example personally and professionally
- Teamwork – Respectfully working together to listen, learn, and grow
- Trust – Maintaining and earning trust by acting with integrity, dependability, and authenticity
- Relationships – Unique level of loyalty and care for our families, partners, and communities

WHERE WE ARE & WHAT WE BUILD

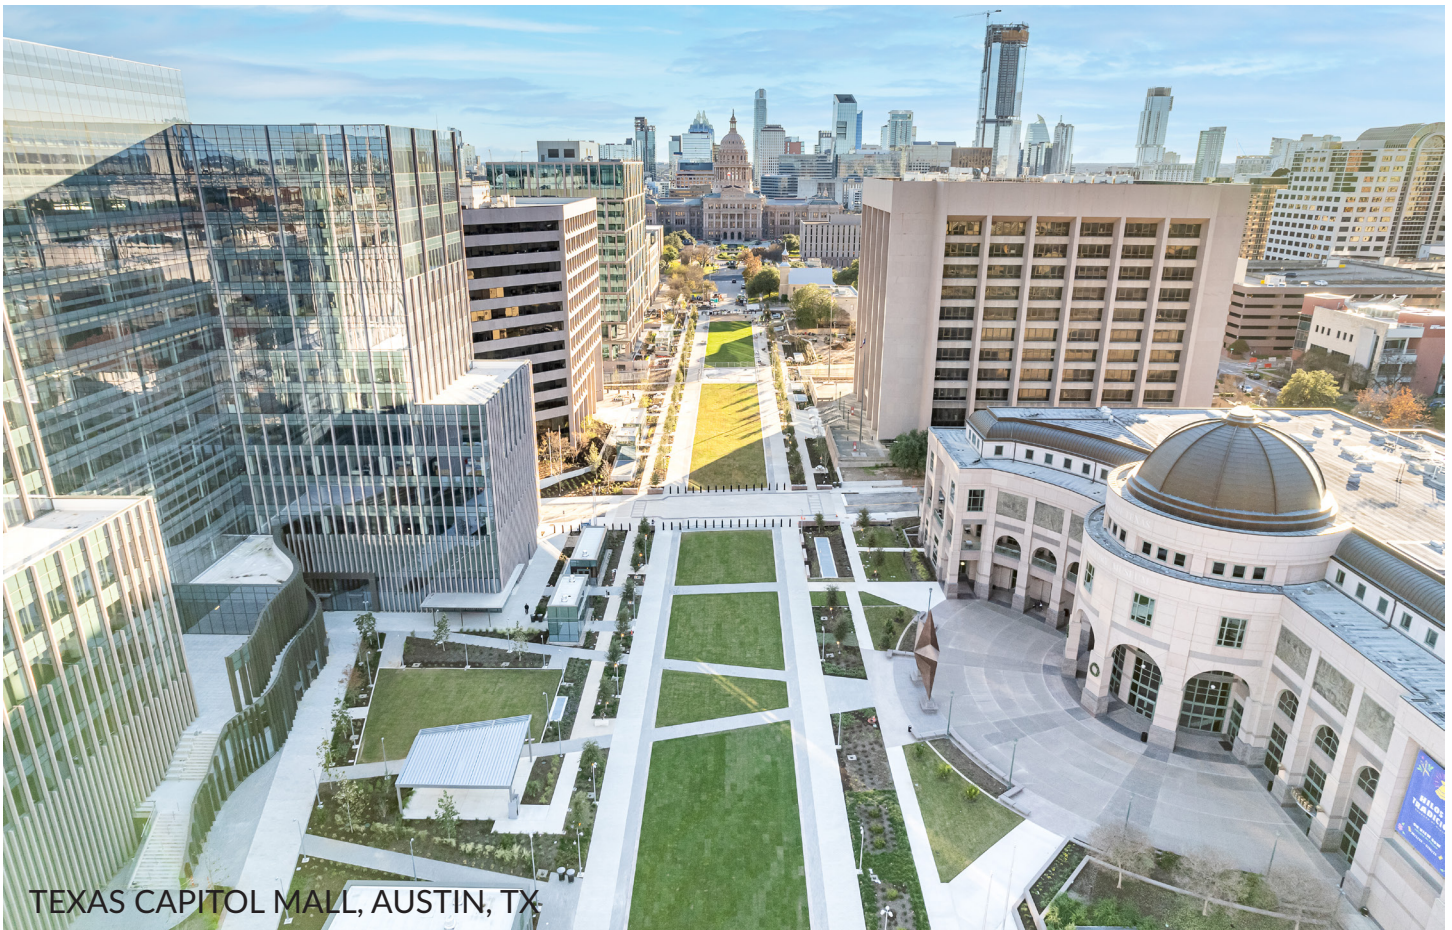

White Construction is a family-owned construction business with over 50 years of experience founded in Clarksdale, Mississippi. Today, White Construction has four offices across the Southeast United States, including Ridgeland, Mississippi, Austin and Houston, Texas, and Panama City Beach, Florida, with

more than 120 employees licensed to conduct business in more than 25 states.

White Construction proudly serves a wide range of markets across the Southeast, bringing specialized expertise to each project type. Our portfolio spans sectors including higher education, healthcare, high-end residential, hospitality, retail, office, aviation, corrections, senior living, and public infrastructure. With dedicated market leaders and a regional focus, we tailor our approach to meet the distinct needs of each community—ensuring excellence from preconstruction through final delivery.

Some of our most notable projects include the Texas Facilities Commission's Barbara Jordan State Office Building and Capitol Mall & Parking Garage, the U.S. Courthouse in Austin, Dell Children's Medical Center of Central Texas, and the Blanton Museum and Grounds Improvement at the University of Texas at Austin. We've also had the privilege of working on the Dell, Inc. campus, NI (formerly National Instruments) campus, the historic restoration of the Texas Governor's Mansion, Whole Foods Market, and Westminster Manor. We are proud that over 75% of our work comes from repeat clients—a testament to the trust we build and the lasting value we deliver.

COMMUNITY IMPACT

Community involvement is at the heart of White Construction's culture and mission. Throughout the year, our team actively supports and participates in a range of charitable efforts—from sponsoring Helping Hand Home for Children events to volunteering at Sunshine Camps, RECA's Christmas in October, local food kitchens, hosting blood drives, and building beds with Sleep in Heavenly Peace. These meaningful engagements reflect our commitment to Building Success Together—not just through our projects, but by investing in the well-being and strength of the communities we serve.

INTRODUCING SIGNATURE HOMES BY WHITE CONSTRUCTION

To serve a growing demand for luxury, custom homes, we launched Signature Homes by White Construction—a dedicated division focused exclusively on high-end residential construction.

Blending commercial-grade expertise with residential personalization, Signature Homes offers discerning clients a seamless experience. From contemporary estates to timeless custom builds, each home is a reflection of the owner's vision and lifestyle, brought to life with precision, care, and craftsmanship.
