OLD BUSINESS

We had several complaints that it's getting hard to hear at the meetings from people having their own meetings while they're trying to listen.

We have several people who are coming to help at Chloride on the 14th. If you can stop by even to just say **HI**. We would love to see you.

The \$5.00 late fee will be staying in place.

Our former Vice President James is moving and can't take his 2 senior lap dogs. If anyone out there can give these babies a home. Please let us know SOON.

NEW BUSINESS / ANNOUNCEMENTS

Barry Horton has agreed to be the new Equipment Manager
The club will be providing him with a battery charger for the dry washer batteries.

During the HOT weather that's headed our way, we will be planning more metal detecting outings and hopefully, field trips.

The club will be looking into working with a local desert tour group to offer tourists a chance to dig up some Arizona gold. More details to follow.

If anyone knows **Anthony Sarringar**, he got a membership at Retta's place and **DID NOT** pay. We will be contacting him ASAP

Our member "Mo" has a 60 acre claim near the Vulture Mine in Wickenburg. He has offered to have the club out on an outing IF we teach him how to use his prospecting equipment. How could we refuse? Details to follow.

NEXT MEETING - April 2nd
