

ODOM FAMILY RESEARCH NOTES

compiled by Lucy Elliott Hollowell

Lucy Elliott Hollowell was age 74, when these Notes were made in February 1969 and lived in Woodland, North Carolina, according to the Cover Page. These research notes are now in the possession of **Jimmy Ray Odom, Texas**. The mark "VKOdom" at the top is unknown. They were left in the Genealogy Room at one of the NOA meetings, and Jimmy Ray picked them up with his own notebook. Only recently has the information it contains had any meaning to him. Dates primarily cover late 1700's, early 1800's. The NOA Yahoo Group has been in operation about a month. He thinks that Mrs. Hollowell's notes may have information that can enhance a lot of Odom Research, and he wishes to make these notes available to others.

(J. R. Odom, 1st Vice President NOA)
