Land-patent maps  
answer age-old  
questions and reveal  
new possibilities!

The Patent (Landowner) map can be viewed in tandem with two other maps: one with **ROADS** and the other with **STREAMS and RAILROADS**, both with towns and cemeteries.

Our **Texas Land Survey Maps** present similar information but with maps organized so that all landowners and geographical features in an area can be seen in a single map.

Here's an example in Cooke County, Texas
