

## **CARPENTRY LUZIRA UPPER PRISON**

**P.O. BOX 5752 KAMPALA**

**13<sup>TH</sup>/FEB/ 2019**

### **MY PERSONAL PROFILE**

I **CHARLES RWITA TUMUHANGIRWE** I am **51** years old born in kyenombe Nyeihanga ndeiya rwampate in Mbarara District. I am officially married with 6 children.

### **MY EDUCATION BACKGROUND**

I completed primary level in 1987 (PLE) later I was advised to join technical school which I did, where I joined also carpentry and joinery (CJ). I got certificate from U.J.T.C in 1990 at **NGUGU JUNIOR TECHNICAL SCHOOL**.

After I joined craft in 1991 which I got certificate in craft part I in 1993 at **UGANDA TECHNICAL COLLEGE BUSHENYI** under civil engineering Department. After studies I started working with my friend where we opened/ started a workshop at Nyeihanga trading centre in 1994.

### **THE WAY TO PRISION AND LIFE IN PRISON**

I was arrested on **13<sup>th</sup> Aug 2008** from my work shop, and taken to police after to court where I was charged a murder case later also taken to **kakiika Prison**, where I got saved and accepted Jesus Christ as my personal savior.

On remand at **kakiika prison**, I found an officer who was an in- charge carpentry, I started working with him plus other in mates. Until I was transferred from there after sentenced me 23 years on a manslaughter brought to **Luzira upper prison**.

Since I was new at the place I did not join carpentry immediately, I spent much of my time in church issues as a saved person. I joined bible studies where receive many certificates including

- Discipleship course
- Fill the gap international certificates
- Bible way correspondent school (diploma) and many others.

Later I joined carpentry section. Though I was a carpenter but I found man things which I did not know before, including new designs, electric machines. I started learning one by one helped by prison instructors. After learning I was elected as a bench leader up to date.

## **ACHIEVEMENTS**

Now I can do many designs which didn't know before, I can use machines, I can mixing vanish, I can read and interpret drawings.

Due to above experience also I can calculate materials of any work of different designs, I can do good furniture than I was before e.g. doors, windows, frames, word lopes, side boards, beds, dinning tables, chairs and desks at international level.

## **APPRECIATION**

I thank Uganda Prison services for the parental heart they have to reward us (in mates) for giving us a future hope May the Almighty **God** reward them.

Even me after here/ released I will help many people not to commit an offence through teaching them these skills.

Finally in a special way I thank Kyambogo Pro-technic for the good programme that they brought to educate us (in-mates).

I hope we will not remain the same, and I f you can give a chance I am ready to work with you, after here/ release.

God bless you.

I wish you a happy new year.

Yours Faithfully

**CHARLES RWITA TUMUHANGIRWE**
