

## **KASULE SAMUEL'S STORY IN LUZIRA UPPER PRISON**

**I am Kasule Samuel.** I studied from St. Matiya Kasega Primary School in Kiboga. I stoooped in primary and I did not continue with studies.

I came to Kampala and I settled in Katwe which knownly called the city of black people. I started working in a garage and I learnt how to spray paint on cars and it's from that I used to earn a living.

It's until I got problems and I was taken **to Luzira upper prison**. It was a difficult time when I joined Luzira since I was not used to the situation. As time went on, I got used to the situation. My friend told me that we should get some thing to do.

I accepted his advice and its from that time I asked him what we should do. He replied me that we should learn how to make shoes and we started to make shoes.

Today, I am among the people who make quality shoes here.
